

# WEDDING FEE HIT GRAND JURY

Upshot of Disturbance May be to Turn the Money Into the County Treasury

SAY THERE'S RECALL OUT ON FULLERTON

Some Old Soldiers Object to Having the Marriage Business Split Up

There is a merry hullabaloo over who does the marrying. The preachers are not in on the excitement, but the grand jury and some members of the G. A. R. are taking a hand in it, and at least three justices of the peace are vitally interested in it.

For some time the general public has suspected that there is good money in the marrying work. The legal fee is \$3. Once in awhile an especially liberal bridegroom leaves a fiver. The marriage business evidently has looked good to Justice Fullerton of Orange and Justice Landell of San Juan Capistrano. They seemed to conclude that Justice Cox would get a large juicy chunk out of the business anyhow, even if they took a share. For the last year and a half or so Justice Fullerton and Justice Landell have visited the court house quite often. Most of Landell's visits were half a day's duration with perhaps of an average of one visit a week. The pickings looked good to Justice Fullerton of Orange, and he began visiting the court house also, perhaps twice a week for part of day each trip.

For some time it has been known that some of Justice Cox's friends thought the judge preserves were being entered upon and some of the wedding fees carried into foreign fields. Just how badly the local justice was losing out in the game seemed to be a good deal guess work.

Justice Cox is an old soldier, a veteran of the Union Army, and because of that fact a number of the comrades interested themselves in the situation. G. W. Mason, commander of Gordon Granger Post of Orange, was one of them, and J. S. Brooks of Santa Ana another.

Three or four weeks ago there was some talk of starting a recall on Justice Fullerton on the ground that he was out of his office. The talk of recall did not seem to have any effect on the Orange judge, so far as staying at home and away from the traveled path of Los Angeles lovers was concerned. He was firm in his belief that he had done every duty he was called upon to attend to, that he could be secured on short notice for any services needed, and that the recall was backed up largely on a basis of \$5 per wedding.

Today comes word from Orange to the effect that the recall petition is actually in circulation.

Justice Landell seems to have escaped the recall. Of late, too, Landell has been taking in a few extra dollars. While serving on the grand jury he tied a few knots and took in the price of a few sides of bacon. Then also his battling average for the year was helped out considerably when he sat for a week for Cox while Cox attended the U. A. R. encampment and another week when Cox was in the hospital.

The storm that had been brewing for two or three weeks past burst upon the heads of the grand jury last Saturday when a delegation of twelve or fourteen vets of the Grand Army asked for permission to state to the grand jury a situation that they believed was working an injustice to their comrades, Justice Cox of Santa Ana township.

The grand jury head addresses from Comrades Mason, Wilson, Brooks and Poston.

Foreman Griffith of the grand jury had wind that the storm was about to break, and he had come with an umbrella, so to speak. That umbrella consisted of a lot of statistics taken off the records in County Recorder Peters' office. Since marriage business was under discussion the thorough-going foreman, whose home is at Huntington Beach, had some information to give forth, and this is what he gave:

In 1911 the ministers of the gospel of Orange county married 538 couples. Justice Cox in that same year tied the knot for 427 couples; Justice Fullerton, 48; Justice Landell, 28, while all the other justices and city recorders of the county had a total of 25.

In 1912 the ministers got 551; Cox, 437; Fullerton, 135; Landell, 124, and all the other justices and city recorders, including a lone marriage by Judge West of the superior court, came to 14.

Santa Ana township pays a salary of \$75 a month; Orange, \$50; San Juan, \$10.

The comrades stated that they

(CONTINUED ON PAGE FIVE)

# Judge Anderson Holds Organized Labor Guiltless

INDIANAPOLIS, Dec. 30.—Before pronouncing sentence today on the union leaders convicted of illegally transporting dynamite from one state to another Judge Anderson read the following statement: "Two defendants, McManis and Clark, pleaded guilty and testified regarding the conspiracy. The principal of these is McManis whose testimony was given in such a manner as to carry conviction. In addition his testimony was corroborated by letters written by the various defendants, records furnished by banks, telegraph, express and telephone companies, postoffices and hotels, and other circumstances leaving no doubt as to the truth of the testimony. This campaign of dynamiting was entered into and carried on throughout the country necessarily involving the illegal transportation of dynamite and nitroglycerine. The evidence disclosed an appalling list of crimes in addition to those charged in the indictments. All were committed in the name of organized labor but I will not believe that organized labor approves of such practices. The evidence clearly establishes the defendants' guilt and shows that some were guilty of murder. This court cannot punish for labor nor should it be influenced in fixing the measure of punishment for the crimes charged."

# Boni's Brother Honored

PARIS, Dec. 30.—Count Jean De Castellane, brother of Count Boni and president of the French Red Cross mission in Bulgaria, has been named grand officer of the Order of Alexander by King Ferdinand for services rendered to the Bulgarian troops.

# Creelman Will Be Mail Associate Editor

NEW YORK, Dec. 30.—James Creelman, who retires as president of the civil service commission Tuesday, is not to be managing editor of the Press, as was published Sunday. Instead, he is to become associate editor of the Evening Mail. Mr. Creelman will receive a salary of \$12,000 a year.

# Famous Artist, R. L. McCameron, Passes Away

NEW YORK, Dec. 30.—Robert Lee McCameron, forty-six years of age, an artist well known in London, Paris and New York, and portrait painter of scores of celebrities, passed away yesterday morning in his New York studio, the Gainsborough, 222 West Fifty-ninth street.

# Miss Ingersoll Weds Today—She Is Agnostic

NEW YORK, Dec. 30.—The wedding today of Miss Maude Ingersoll, the only remaining unmarried daughter of Colonel Robert G. Ingersoll, to Wallace Lane Probasco, a member of an old Ohio family, devoted to the Episcopal faith, was to be celebrated in strict conformity to the teachings of Mr. Ingersoll. Miss Ingersoll is an avowed agnostic.

# English Premier's Daughter Visits America

NEW YORK, Dec. 30.—Miss Violet Asquith, daughter of the prime minister of England, arrived yesterday morning by the White Star liner Celtic. She said that it was her first visit to New York. She will sail for England on Jan. 11, from Washington, where she will be the guest of the family of the British ambassador.

# WOMAN SAYS THIEF WALKED BESIDE HER FOUR BLOCKS THEN TOOK MONEY FROM HER

Mrs. Mamie Townsend who, with her husband lives on North Ross street at G. W. Ford's place, declares that a hold-up man robbed her of some money Saturday night after he had walked along with her for four blocks.

She stated that when she left home Saturday evening she had \$3.20 in her purse. She spent fifty cents. She says she was returning home after attending a moving picture show and had reached a point in the 900 block on North Ross when a man stepped up to her and said:

"Give me the rest of that money."

She had her hand-bag over her arm, and turned to run back toward town.

# SENTENCES VARY WILL BE FLYING FOR UNION LEADERS END OF THIS WEEK

Terms in Leavenworth Prison Run From one Year Up to Seven Years

# RYAN GETS HEAVIEST SENTENCE—SEVEN YEARS

Sentence Suspended in Several Cases—Families Crowd the Court, Weeping

INDIANAPOLIS, Dec. 30.—Federal Judge A. B. Anderson meted out varying sentences today to the thirty-eight unionists found guilty of illegally transporting dynamite. President Ryan of the International Iron workers was given the heaviest penalty, seven years. Twelvemore and Clancy, the Californians, and Secretary Hockin came next with six years.

**Sentences Pronounced**

E. A. Clancy and Olaf A. Twelvemore, of San Francisco; M. J. Young, of Boston; J. T. Butler, of Buffalo and Indianapolis; J. E. Muey, of Salt Lake City; H. S. Hockin, of Detroit, were sentenced to six years in the Federal penitentiary at Leavenworth, Kansas. Frank M. Ryan, of Indianapolis, president of the International Association of Bridge and Structural Iron Workers, was sentenced to seven years, and J. M. Barry, of St. Louis and P. J. Smith, of Cleveland, to four years.

Sentence was suspended in the cases of P. E. Farrell, James Cooney, James Coughlin, Frank J. Murphy, M. R. Cline, with sentences of one year and one day for Wm. Bernhart, J. E. Ray, Wm. Shoupe, E. E. Phillips and C. W. Wachmeister; two years for E. J. Higgins, K. K. Painter, F. J. Shireman and R. H. Houlihan; three years for Chas. Baum, M. L. Rennie, Edward Smythe, H. W. Legleiter, G. R. Anderson, E. G. Basey, Morris, W. E. Redden, M. J. Hannan, W. J. McCain, W. B. Brown, M. J. Cunnane; one year for Fred Mooney, and six years for P. A. Cooley and F. C. Webb. The judge suspended sentence for Edward Clark, who pleaded guilty at the outset of the trial.

# CLEMENCY FOR SOME OF MEN MAY BE GIVEN BY JUDGE

INDIANAPOLIS, Dec. 30.—Judge Anderson this morning denied the motions of the attorneys for the defense to stay judgment in the cases of the thirty-eight unionists who were convicted Saturday of illegally transporting dynamite, also their motion for a new trial. He then declared: "I will never sentence a man I believe innocent regardless of the jury's verdict."

He then gave the attorneys for the defense permission to speak in behalf of the defendants, allowing each prisoner to make a statement. It is expected that the sentencing of the men will occupy the entire day.

Murphy was called after Farrell. The district attorney stated that he believed Miller was less guilty than the others. Judge Anderson asked if he believed a guilty man should be punished. Murphy replied: "I most certainly do." Bernhart appealed for leniency. He told the court he had written bad letters "helping the conspiracy along," but pleaded: "I hope God strikes me dead if I am guilty of transporting dynamite from one state to another."

Clemency for P. E. Farrell, of New York, was foreclosed when Judge Anderson called him to the bar. Anderson stated that he understood Farrell had voted against a recent strike in New York against the American Bridge Company, saying this was not discussed at the trial. Farrell replied: "That is true; I never favored a dynamiting campaign. I quit the union in 1908 and never attended the meetings after that."

The court remarked: "If Farrell or (CONTINUED ON PAGE FOUR)"

# PREMIER CHOR LEADER

BOSTON, Dec. 30.—Chorister J. H. Andrews of the Laneville Congregational church, who is seventy-three years of age, is thought to be the oldest choir leader in Massachusetts. Mr. Andrews was a mere baby when he first occupied a seat between his father and mother in the Laneville choir. He formally became a member of the choir in 1856, and became chorister in 1870, succeeding his uncle, Amariah Andrews.

# WOULD ENCOURAGE VOTERS

SAN BERNARDINO, Dec. 30.—George H. Johnson, assemblyman-elect, purposes to introduce a bill to encourage the exercise of the elective franchise. His bill will provide for a small percentage rebate from taxes to all voters who will make an affidavit when paying their taxes that they voted at the preceding general and primary elections.

# PROPOSED CHARTER IS DEFEATED 475 TO 1797

Opposition Kept up Spirited Fight Until the Polls Were Closed; Firemen Work Hard

On Saturday the proposed charter for Santa Ana was decisively defeated, the vote being 475 for the charter to 1797 against the charter. The vote was more than three and a half to one against the measure.

By precincts the result was as follows:

Precinct	Yes	No
No. 1	32	100
No. 2	62	121
No. 3	39	85
No. 4	42	170
No. 5	38	169
No. 6	64	230
No. 7	36	291
No. 8	17	255
No. 9	91	182
No. 10	54	194

475 1797

The votes were all counted and reports in at the office of City Clerk Burke by 7 o'clock Saturday night, except precincts 5 and 10. Precinct 10 came in, and after twenty minutes more a report was received by telephone from No. 5. The totals were then made.

The election passed off quietly. The total vote of 2272 out of a registration of 5360 was heavier than had been expected earlier in the day. By the middle of the afternoon several of the leaders in the fight for the charter admitted that it was defeated. Those opposed, however, kept their automobiles working and piled up a big majority.

Precinct No. 2 is an instance of the fact that the vote was much heavier in the afternoon. At 1 o'clock fifty-five votes had been cast. Between 1 o'clock and 6, when the polls closed, 128 votes were cast in that precinct, making a total of 183.

Among those who were active at the polls in opposition to the charter were friends of city officials who would have been put out of office had the charter been carried. Members of the fire department were at the various polling places with literature against the charter.

Precinct 2 was the only precinct that did not cast at least a two to one vote against the charter, and the vote in that precinct lacked but three no votes to make it two to one.

The fourth ward hit the charter the hardest. Precinct 8 lammed it by 17 to 255.

# SHAIN SLAIN IN 'AUTO BOWL'

Machine Plunges Into Pit and Daring Driver Dies—Others Hurt in Accident

SANTA MONICA, Dec. 30.—Mrs. A. B. Atkinson of Vancouver, B. C., and John Moyer, of Los Angeles, are suffering from injuries received when the daring automobile racer, Hal Shain, plunged to death at Venice yesterday. They will recover according to physicians at St. Catherine's Hospital. Mrs. Atkinson was the worst injured, receiving severe internal injuries.

Harold Shain, driver, lost his life and the others were injured when his auto, whirling around the "Race for Life" bowl yesterday afternoon, jumped over the danger line and, colliding with projected posts, crashed to the bottom of the racing dish, a mangled wreck. Though hurled down with the machine, Shain was conscious when lifted into an ambulance that took him to the St. Catherine's Hospital, where he expired.

Besides Mrs. Atkinson and Moyer, Gary.

# GREAT OPPORTUNITY FOR THE MERCHANTS OF SANTA ANA

The new parcels post law has been viewed with a great deal of misgiving by retail merchants everywhere. However, it should give them new opportunities of which they have had little conception.

It improves their position as respects distant mail order houses. A mail order house 300 to 600 miles away must pay 62 cents to get a 10 pound parcel mailed. The local merchant serving the same article to a 50 mile territory, can get the same thing carried for 32 cents. He can send it for local delivery, including such rural routes as may start at the home postoffice, for 14 cents.

A mail order house over 1000 miles away must pay 91 cents to get such a parcel mailed.

Through advertising in this paper, it should be possible for the merchants of this town to develop a good trade in the outlying country for material to be delivered by parcels post. Suppose a farmer wants a beef roast for dinner. He can order it by telephone and have it mailed within 50 miles for eight cents. Similarly he can be served by the grocer, the baker, the dry goods house, and by all merchants generally. The possibilities for the development of this business are unlimited. The postage is cheaper than the time he would spend in the provision store making his purchase and paying for it.

In the outlying country around this town, there is thus a great potential trade waiting for someone to get. It will go to the man who gets after it with advertising.

The people in the farm home rarely pass the town merchant's shop window. They will do their shopping through the newspaper. There the merchant has a chance to show them his goods. It is a great show window in which the entire community looks every day. Formerly high express charges threw obstacles around mail order business to the near-by territory. Now the lower rates and the spread of rural delivery open a big new field for the merchant with an outlying country to draw from. Advertising in this newspaper will bring this business.

# HUGE STRIKE IN MOTION TODAY

200,000 People Will Probably be Involved in Garment Workers' Strike

# WEALTHY WOMEN FINANCE BIG LABOR REVOLUTION

Federation Back of Demands for Wage Increase; Strike to be One of Greatest

NEW YORK, Dec. 30.—With 80,000 to 125,000 members of the United Male Garment Workers of America already striking and with the probability that 200,000 of both sexes will be involved, what promises to be the greatest clothing strike in the country's history started today.

Fifteen hundred pickets received their instructions today. Mesdames Rose Pastor Stokes and O. P. Belmont are financially backing the strike. It is predicted the strike will extend to all women's clothing unions. Four thousand shops capitalized at \$40,000,000 are already affected. Picketing will begin tomorrow. The strikers ask the abolition of the contract system and 20 per cent wage increase with a minimum of \$16 dollars weekly for men and \$10 for women. It is reported the entire strength of the American Federation of Labor is behind the strikers.

The Employers' Association predicts the strike will fail. It claims that many of the factories opened late today merely because many of the employees feared to appear. It claims that 50 per cent of the regular forces will not strike. The employers blame labor agitators for the strike, claiming the majority of the employees are satisfied with the present wages. Conditions are such, they assert, that granting of the demands would bankrupt hundreds of small manufacturers.

Representatives of the State Labor Department are trying to adjust the matter. Wealthy women are organizing for relief work. Representatives of the strike committee met the workers at the factory doors and marched to strike headquarters where enthusiastic meetings were held.

# URN OF ANCIENT COINS FOUND IN ROME NEAR THE CIRCUS MAXIMUS

ROME, Dec. 30.—More ancient discoveries were reported yesterday. Two laborers while engaged in the work of demolishing the foundations of a medieval wall near the Circus Maximus with the object of widening the road, discovered an earthenware urn which was filled with gold coins.

The coins are now in the natural history museum. All of them are of value and valuable. They date back to the fifteenth century and are the best specimens of the papal mints in the republic of Florence and of the grand dukes in the kingdom of Hungary.

# POWERS MUST TAKE ACTION

Now Believed Only Arbitration Will Settle Peace in Europe

LONDON, Dec. 30.—There is a growing conviction here that arbitration by the powers will be the only solution of the Balkan troubles. When the peace envoys met today the Turks reported they were ready to concede several points, but insisted on the retention of Adrianople. Belgrade advises say the allies are instructed to reject the last Turkish proposals. It is generally believed the powers will intervene rather than permit the resumption of hostilities.

It is reported the Balkan states will still oppose settlement through arbitration by the powers, because the triple alliance is interested in the territory involved.

It was learned today from Constantinople that Turkey favors arbitration by the powers. All the Turkish envoys except Kaimil Pasha want peace.

# Will Not Give Up Adrianople

CONSTANTINOPLE, Dec. 30.—The Council of Ministers late last evening issued a semi-official note announcing that fresh instructions had been sent to the London plenipotentiaries to the effect that while the Porte is animated by a conciliatory spirit and is desirous of a successful conclusion of the negotiations, it can under no circumstances consent to the cession of Adrianople.

Cold weather requires heat properties to make chickens lay or your horse to grow fat. Try our combination mixed feed, made from cracked corn, ground barley and wheat shorts. OLIVE MILLS.

BEAN GROWERS  
IN NEW PLAN

Old Association Abandoned  
for New Organization—  
Meeting at Oxnard

OXNARD, Dec. 30.—The old Lima Bean Growers' Association died Saturday morning. Later a greater association was formed which will use an entirely new business policy.

Three hundred or more growers from every part of the state gathered here to take a hand in the important proceedings. A mass meeting of stockholders in the Lima Bean Growers' Association was called. Resolutions were passed indorsing the dissolution of the old association. Attorney Ferrand then read a plan of activity as proposed for a new organization. The new plan is a co-operative one, instead of the corporation system being used. Memberships will be sold instead of stock.

A mass meeting was called in the afternoon and at that time hundreds of growers approved the new plan. The old board of directors was voted as a temporary directorate to take part in the reorganization work. During the meeting Manager J. M. Waterman sprung something of a surprise by announcing that he intended ceasing to be the manager of the association because of other duties.

Could Shout For Joy

"I want to thank you from the bottom of my heart," wrote C. B. Rader, of Lewisburg, W. Va., "for the wonderful benefit I got from Electric Bitters, in curing me of a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice, and to rid the system of kidney poisons that cause rheumatism, Electric Bitters have no superior. Try them. Every bottle is guaranteed to satisfy. Only 50 cents at all druggists.—Advertisement.

TOMATO CROP  
WORTH MONEY

North End of County Shipped  
\$75,000 and Sold \$50,000  
Worth at Home

ANAHEIM, Dec. 30.—The output of the Anaheim, Fullerton and Placentia territory of around \$75,000 worth of tomatoes on the direct car shipments to the East in the last three months, is about the way the tomato season, which has just closed figures up. To this may be added \$50,000 more of tomatoes disposed of to the canneries and in other channels.

When it is considered that the bulk of this output was a side issue with the growers, in that most of them produced the tomatoes between trees, and in all other instances on lands that had previously produced other crops during the year, this additional pocket money from tomatoes assumes an aspect of more than bare figures at first glance seem to indicate.

D. Osborne, manager of the Orange County Vegetable Union in this part of the county and who gave the tomato industry its first start here, stated that the total output of his packing-houses had been sixty-five cars, all of which were routed direct to Eastern markets. His estimate on other shipments, which by reason of his intimate knowledge of the territory may be assumed to be very close to 110 cars.

Prices varied during the season, when opened with shipments on September 15 and closed the middle of this month, but will probably make an average of \$22 per ton. The yield per acre, varied under different conditions of cultivation, ranging from three tons to ten tons.

Cabbage is the next big side crop coming up to interest both buyers and shippers. In consequence of the short market and the high prices that prevailed last season there has been a rush to this crop for the present season, and in northern Orange county buyers now estimate that there are 2500 acres to cabbage. Last season the price mounted to as high as \$48 per ton. Market conditions at the present do not warrant expectation of any such figure this season. The outlook on the other hand is that the price will be low. Texas is full of cabbage, while there are large stocks in storage in the East for the early market. Local shipments will be held back in view of these conditions, and there is no present expectation of opening the packing to cabbage before the middle of February. Growers must look for low prices at the opening and may have to go through the present season's experience of potato growers, who are facing a market quoted as low as 40 cents in carload lots. Notwithstanding this there will be money in northern Orange county cabbage for the growers. The product is coming along fine and is of excellent quality.

STOMACH SOUR? GOT  
INDIGESTION ALSO?

"Pape's Diapepsin" Makes  
Upset Stomachs Feel Fine  
in Five Minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach disorder.

Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.—Advertisement.

Anaheim Union Water Co. Re-  
ceives Reports of Production  
on Leased Land

ANAHEIM, Dec. 27.—A regular meeting of the board of directors of the Anaheim Union Water Co. was held on Dec. 21.

Director Hale reported that the committee appointed to purchase a shoe for pit No. 2 at pumping plant No. 3, had ordered one and it would be shipped as soon as Mr. Morline was ready for it.

Mr. Lovell appeared before the board and requested that the company cement the present open ditch which crosses his property in the Berry tract. His request was referred to the ditch committee.

Wm. McDuffie presented an agreement for laying the 2-inch water pipe line across the Amalgamated lease and on motion the president and secretary were authorized to sign the agreement.

The following report of the Amalgamated Oil Company, for the month of November, was received and filed.

Oil on hand Oct. 31, 1912.....	12,222.15
Oil produced during Nov.....	77,728.71
Total .....	89,950.86
Oil shipped during Nov.....	67,533.30
Royalty oil delivered .....	8,117.19
Oil on hand Nov. 30, 1912.....	5,300.37
Total .....	89,950.86

Royalty oil due A.U.W. Co. 509.13

F. E. Lewis of the Byron-Jackson Iron Works, requested the board to pay his company one-half the balance due on contract for machinery for pumping plant No. 2, which they have been holding for the A.U.W. Co., and on motion the president and secretary were authorized to sign a warrant in favor of the Byron-Jackson Company for \$2500.

The petition presented by Mr. Blattner of the Yorba Linda district for a pipe line was referred to the ditch committee with power to act.

Director McFadden requested the board to pipe about 100 feet of the present open ditch in front of his property in Placentia and agreed to pay one-half the cost of such work. It was moved by Hale and seconded by Beazley that the petition be granted and the superintendent instructed to employ an engineer to regrade the ditch so that all improvements would be on a proper grade.

Director Dwyer requested that the company pipe the Anaheim ditch from the terminus of the cement ditch in Richfield to East street, Anaheim. The ditch committee was instructed to employ an engineer to get the grades and specifications for pipe lines on the Anaheim ditch and the North Branch ditch in Placentia, and report at the next meeting.

Engineer Hurd of Placentia offered a survey of the proposed ditch from the Tuffire reservoir to Kraemer ditch. This was referred to the ditch committee. Mr. Hurd also presented a map of the Placentia district and it was moved by Hale and seconded by Bradford that the company purchase a copy of the map from Mr. Hurd after he had traced the ditches of the company on the same.

EAST NEWPORT  
NEWS BUDGET

EAST NEWPORT, Dec. 30.—Chas. Cassat Davis of Los Angeles, Dr. and Mrs. W. Seymour Davis of Corona, Miss Anna M. Davis of Los Angeles and Mr. and Mrs. D. S. Griffin and children are occupying a cottage on Monterey avenue and will remain through the holiday season.

Mr. and Mrs. Horace Little and Master Clifford Little have gone to Upland and Ontario to visit relatives for a couple of weeks.

D. F. Bodley and Mr. and Mrs. N. E. Witherspoon have returned to Riverside after a several days' stay at East Newport.

Christmas Day Mrs. Elizabeth Wilson was hostess to a family party, nearly all of her children and grandchildren being present. Her guests were the Misses Anne and Laura Wilson of San Diego, Mr. and Mrs. J. J. Schnitzer and children of East Newport, Mr. and Mrs. Alex M. Wilson and children, Mr. and Mrs. J. R. Wilson and daughter of Fontana, Mr. and Mrs. J. A. Wilson and family of Riverside, Mr. and Mrs. E. C. Swank and children of Long Beach, Mr. and Mrs. Robert P. Wilson of Rialto, Mr. and Mrs. W. W. Wilson and family and Mr. Robert McVicar of East Newport.

P. T. Evans and son, Carey, are here from Riverside for a week's stay and are occupying their cottage on Surf avenue.

Miss Grace Murray, Miss Frances Brown and Miss Ruth Johnson of Riverside are here to spend the holidays, and are occupying the Carroll cottage on Surf avenue.

S. R. Jumper came home from Riverside Tuesday, to spend Christmas with his family.

Stanley J. Castleman and son, Girard, came from Riverside Tuesday night to spend the remainder of the week with the family in their cottage here. Mrs. O. R. Ruge and Miss Ann Cameron of Riverside were guests of Mr. and Mrs. Castleman for the week. Lew H. and Chas. H. Wallace, with their families, had Christmas dinner with the Wallace clan, at El Nido, the mountain home of their uncle, Lieutenant Governor A. J. Wallace, in the La Canada canyon. There were present sixty-three members of the fam-

## NOMINATIONS FOR DIRECTORS

Chamber of Commerce Committee Selects List From Which 9 are to be Chosen

The nominating committee of the Santa Ana Chamber of Commerce has selected a list of twenty men as nominees for members of the board of directors. Nine are to be elected. Names may be withdrawn and others put in their place up to January 14.

The nominations follow:  
L. J. Carden.  
F. H. Case.  
W. A. Zimmerman.  
J. D. Thomas.  
E. L. Vegely.  
H. J. Forgy.  
A. B. Gardner.  
J. Wiley Harris.  
M. R. Heninger.  
J. Clyde Horton.  
A. H. Lyon.  
Fred Rafferty.  
J. Reinhaus.  
H. T. Rutherford.  
W. B. Williamson.  
Theo. Winbiger.  
A. N. Zerman.  
Dr. J. M. Raugh.  
Dr. G. C. Ross.  
C. S. Kendall.

## BORING IN OCEAN TO DETERMINE SOIL

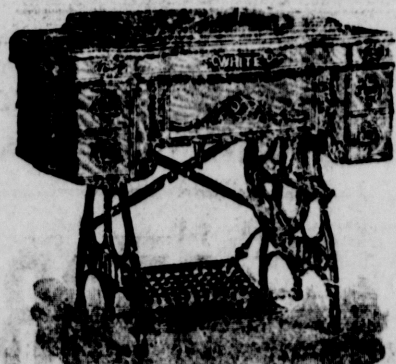

Huntington Beach News: The Charles W. Corbaley Company of Los Angeles began Tuesday the work of boring in the ocean bed at the foot of Main street to ascertain the character of the soil on which the new \$70,000 reinforced concrete pier is to rest.

The city trustees, having decided last week that this should be done before plans for the pier are accepted or the contract for its building let, lost no time in procuring the work done.

The borings were made Tuesday from the old pier to the point to which it extends into the ocean—about four hundred feet—and a good gravel strata was found at a depth of eight feet in the bed. Soundings were made at a distance from the beach of seventy-five, two hundred, and four hundred feet, the strata being found to be about the same at the three distances, with a slight slope away from the beach. On Thursday the work was resumed, the boring machinery being mounted on a tug.

A water jet process is being used for the boring, the jet being a two-inch pipe with a three-quarters of an inch opening at the lower end.

Water is being obtained through the city water system. Three men are employed, with the supervision of City Engineer J. C. Fountain.

Make your wife happy by presenting her with a Sit-Strate White Rotary Sewing Machine. None better made. Easy payments.

## JONES' RECORD WAS NOT BAD

Vida Woman Who Knew Him Four Years Tells Where He Lived

Further evidence that Ira Jones in a short time was transformed from a man of good habits to a fiend and a desperado has been received in a letter received by the Register from Mrs. Thomas H. Wells of Vida, Ore. Mrs. Wells' letter states that she had known Jones for four years and knew nothing bad about him. That Jones was a fiend and desperado was shown by his actions here in attacking a girl, in killing one man and wounding three others in a battle in the foothills.

The Vida letter says: "In reply to your dispatch will say Ira Jones came to our place the last of November, 1911, and he stayed here with us until the following February. He left here the first and went to Clatskanie and worked there until May, 1912. About the fore part of the month he came home sick. He went to the Foley Hot Springs up here on the McKenzie river and stayed there three weeks. Then he was here with us until the last of July, after his husband was drowned here in the McKenzie river, June 2. He has made his home with us off and on for over four years, and as far as we know, he has been all right. He had never done anything bad before that we ever heard of."

The dates mentioned by Mrs. Wells preclude any possibility that Jones and Joe Matlock were one and the same, and the evidence only goes to further prove that the dead man was Jones. There is no question but what Matlock had tattoo marks on his arms. The corpse had no tattoo marks upon it.

A letter received from Dr. S. A. Barber of Porterville states that when C. C. Curran was in the Mt. Whitney Hospital at Porterville, after he was accidentally shot last June, he had a wire sent to Mayor Matlock of Eugene, Ore., telling him that C. C. Curran was hurt and in the hospital. He told the nurse that Matlock was his step-father, and later he said that he was his father.

## OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost everyone knows the value of such a combination for keeping the hair a good even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a Hair Tonic of this kind was to make it in the home, which was troublesome and not always satisfactory. Nowadays, almost any up-to-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for scalp troubles and thin, weak hair that is losing its color or coming out. After using this remedy for a few days, you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair.

Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and see what a few days' treatment will do for you. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.—Advertisement.

## CHARGE OF PERJURY COULD BE BROUGHT

Los Angeles Examiner: Having filed suit to annul the marriage of Herbert P. Newmark, a young bank clerk, to pretty Hazel M. Moynihan, his grandmother, Mrs. Margaret Krause, 712 West Tenth street, finds herself in an unexpected dilemma. She may get him free of the marital tie, but bring about his arrest.

The basis of the suit of the grandmother is that Herbert misrepresented his age as 21, when he was only 20 and too young to wed without consent. This gives the Orange county authorities ground to apprehend the youth for alleged perjury.

Miss Moynihan, on September 18, 1911, when the marriage took place, was 19 years old and cannot be molested by the Santa Ana officials.

The love affair of the two, which culminated in an elopement, lost its glamor a few months after the announcement of the sensational runaway match was made public. The bride, in a pique, because, she alleged, Herbert was too sparing with his pin money allowance, suddenly dropped out of sight.

Money Saved—Results immediately in the use of our specially prepared horse and poultry mixed feed, made from best corn, Utah barley and wheat shorts. \$1.35 per 80 lb. sack. Ask your dealer about it. OLIVE MILLS.

## SAN DIEGO HIGHWAYS NOW ABOUT FINISHED

System of 500 Miles of Road Provided for by County Bond Issue Nearing Completion—Plans Are Made for the Upkeep of the Roads.

ESCONDIDO, Dec. 30.—The present week will see the completion of three important connecting links of the splendid San Diego county 500-mile system of natural earth highway, as follows: From Pala up the San Luis Rey river, via Pauma ranch, Potrero and La Jolla Indian reservations to Warner ranch; Warner ranch to Santa Ysabel; Julian to Cuyamaca. Crews are now at work on the Escondido-Rincon road, and the Pala-Bon-sall highway, the construction of which will mean, practically, the completion of the entire system of good roads as contemplated by the bond issue.

On Saturday, starting from Escondido, a representative of the Union accompanied John Isbell, one of the county highway commissioners and superintendent of construction, on a trip of road inspection, in which 163 miles were covered in Isbell's motor vehicle, which he made to go where mules would fear to tread, in the interest of saving time by leaving the highway and crossing sections unmarked even by trails.

The section of this route, upon which work was concluded Saturday, begins a short distance below the La Jolla Indian reservation, on the north side of the San Luis Rey river above Potrero, and finishes at a point near the Warner ranch, the site, being the completion of construction work on the highway between Pala and the junction of the road to Santa Ysabel, at the location of the big storage reservoir along the foothills of the Warner acres.

It skirts the bluffs on the north side of the river the entire distance, and is one of the most interesting drives of the system. Leaving the Rincon reservation at the junction of the Escondido-Rincon road, there is a climb of seven miles over an easy grade to Potrero, with its fine cattle and hay and grain ranches, and the home of S. J. Mendall, "cattle king" of the Palomar mountain country. At La Jolla, three miles further on up the river, the road discards the old highway and enters a new mission, and runs along the edge of the hills to the south, leaving the last of the adobe houses of the reservation on the north as it strikes a point near the river.

From there it passes through a rugged country, over large hills and through forests of oak trees, to within a short distance of the Warner dam site. Below the dam site is the location of the proposed bridge, which will span the river. Crossing at this point will not be possible until the structure is in place. The road, however, is built from this point on the south side of the river along the foothills and above the high water mark of the reservoir to a connection with the Santa Ysabel road at the south-west entrance of the big ranch.

At present the run to Warner's Springs is made from the dam site over the old road across the ranch,

which means the fording of the river twice, at present easily possible.

The consolidated camp of the commission, which has been completing this connecting link of the Pala-Warner road, was moved to Rincon on Sunday, where it will proceed with the construction of the connecting link between that point and Valley Center.

In this trip of inspection Superintendent Isbell found that the sections of highway completed some time ago are wearing very well, the section between Cuyamaca and Bostonia, via Alpine and Descanso, and between Santa Ysabel and Julian being among the best.

"In my opinion," said Superintendent Isbell, at the conclusion of the 163-mile run, we will have money enough to connect up all of the roads. The funds will not allow the completion of all of them according to the original plans, but we will be able to make the connections in a way that will provide easy communication. In some instances we were obliged to cut down on the width of the roads and in others we were unable to do so. At the Warner dam site we have yet to reckon with the proposition of installing a bridge over the San Luis Rey river. Possibly the supervisors will do this. But these roads can be widened and surfaced later on and bridges can be put in wherever necessary. I am pleased to say that we are able to build a road 14 feet wide through the San Luis Rey canyon from the La Jolla reservation to the dam site, and I believe that the public will be pleased with this road, which was one of the most expensive we had to build.

"The problem of taking care of the roads now that they are built is yet to be solved. It is an important matter. Unless they are properly taken care of, it will mean the loss of thousands of dollars to the county. They will need keen supervision during and after the winter rains. The expenditure of a few hundred dollars at the right time will save thousands. I am opposed to the rounded roads, inasmuch as they become rutted by the constant wear of autos and traffic, the plan making it necessary for machines to travel in one place all the time. The roads should have instead a flat surface, so that the machines can travel on any portion of them, the result being the keeping of the road level and in the best of condition.

"On the grades I am also in favor of substantial elevations for the outer wheels of the automobiles, especially on the curves, as a precautionary measure against accident. I am also opposed to the use of heavy rollers on our dirt roads. Decomposed granite of the proper depth and application makes the best of roads and no heavy rollers are necessary to make it pack. In the matter of decomposed granite this county is indeed fortunate. By applying it as a proper foundation we will be able to challenge the whole country on the merits of our good roads system."

## Present Day Needs In Game Conservation

An article on California Game Laws, published in one of the San Francisco papers, was so entirely misleading, and so filled with erroneous statements, that it would not be fair to the 150,000 odd hunters of the state to ignore it entirely.

Little need be said about the great slaughter of game that has gone on throughout the United States; everyone who knows anything regarding game conditions in the country is aware that many varieties of game have become practically extinct, and that where formerly game was plentiful, there is now a scarcity.

Here in California the game is disappearing as it has in various other states; and if the present rate of decrease continues, it will be but a few years when our state will be absolutely barren of game.

In order not to deplete the supply, and still allow the people a reasonable number of hunting days during the year, it will be necessary to lessen the number of a species that may be killed in one day, and to shorten the season during which that species may be lawfully taken.

It is true the game belongs to the people of the state; but it is likewise true that it is the sportsmen of the state who pay for its protection. The Fish and Game Commission does not receive one cent of support from the general tax levy, nor any appropriation from the state legislature. Its revenue is derived solely from the sale of hunting and fishing licenses, and from fines imposed for violation of the fish and game laws. It is not just, then, that the sportsmen be allowed some voice in the question as to whether game shall or shall not be offered for sale. (Note:—All moneys derived from the sale of fishing licenses are expended for the support of fish hatcheries and are not used for the protection of game.)

Unlicensed hunting is permitted in but thirteen states in the Union, and the privilege is confined to residents only; in but one state—is it extended to include non-residents.

There are none who would approve of placing a bounty on game animals; yet allowing game to be offered for sale amounts practically to the same thing; it puts a price on the head of each quail, duck, deer or whatever game is in season; and is an incentive to those so inclined to hunt for the open market.

The market hunter is not a producer; he is the reaper of a crop that should not be offered for sale. In the experience of the California Game Commission and every other state game commission, the market hunter is one of the chief game destroyers throughout the country. It was the hide hunter that killed off the buffalo; the egret hunter has almost exterminated the white heron; the market quail hunter has reduced the number of quail in our own state to almost the vanishing point, and unless prevented, it will be the market duck hunter that decimates the ducks to such an extent that they can no longer be classed as game.

More than ninety-five per cent of the market hunters do not stop at the bag limit, thereby violating a law that is one of the most important, as well as the most difficult of enforcement.

The game laws should be so drawn that allowance is made for the killing of the surplus without encroaching upon the necessary breeding supply; in other words, the season and bag limit should be made consistent with the breeding capacity of the game.

In some foreign countries the ownership of game is vested in the owner of the land on which the game abounds. Scotland, for example, has no deer law, but the deer are given protection by the owners of the forest in which the deer are found.

There are killed in Scotland every year nearly 7000 deer. The ninety-nine deer forests cover something less than 2,000,000 acres. In California, with its area of over 158,000 square miles, of which perhaps one-half or about 48,000,000 acres, is suited to deer, less than 10,000 deer were killed last year.

It is not possible to develop the game in our own state so as to permit the taking of a bag limit that will more nearly approach the numbers killed in European countries, in

which game has been shot for hundreds of years?

Last year throughout the United States there were killed probably 25,000,000 ducks. Allowing for a moderate increase of five birds to the pair, this means that there will be nearly 100,000,000 less birds to come back this fall than there would have been had there been no shooting last season. How long will the supply last at this rate?

In California at least 1,000,000 birds were killed. Over one-third of these were used by the various markets of the state. Thus, estimating the same rate of increase, of five birds to the pair, we have approximately 1,000,000 less ducks this year than would have been the case had the sale of ducks not been allowed.

Other conditions must also be taken into account. The number of hunters is increasing from two to five per cent each year; facilities for getting to what were formerly inaccessible places have increased, it now being possible for a man with an automobile to go one hundred miles or more away from the railroad in a few hours' time; game country in which a gun was never heard a few years ago is now overrun with hunters; ranchers are crowding into all parts of the state and the breeding ground of the game is thus becoming less and less; guns have been perfected, until it is now possible to fire five shots into a flock of birds almost before they are aware of the presence of the hunter.

Is it any wonder that the game is diminishing in numbers? The wonder is that there is any left. CALIFORNIA FISH AND GAME COMMISSION.

## WOMAN DIED WHILE READING A BOOK

ORANGE, Dec. 30.—Mrs. E. D. Jones was found dead this morning. She was in a rocking-chair with a book in her hand and the electric light still on. Death evidently came last night between 9 and 10 o'clock. Mrs. Jones' husband is visiting relatives in Texas. She has been rooming at the home of M. L. Willets, where she died. Mrs. Willets found her dead this morning. Death was due to natural causes.

Mrs. Jones was about 70 years old.

## RESULTS THAT REMAIN

Are Appreciated by Santa Ana People

Thousands who suffer from backache and kidney complaint have tried one remedy after another, finding only temporary benefit. This is discouraging, but there is one kidney medicine that has earned a reputation for lasting results and there is plenty of proof of its merit right here in Santa Ana.

Here is the testimony of one who used Doan's Kidney Pills years ago, and now makes his testimony even stronger.

F. P. Fraser, 1642 Regent St., Santa Ana, Cal., says: "For a long time I was afflicted with weak kidneys. I suffered from pain in my back and was caused much annoyance by too frequent passages of the kidney secretions. Finally I commenced using Doan's Kidney Pills, procured at Dean's Drug Store (now Wheeler & Mather's Drug Store) and it did not take them long to remove the pains and other difficulties. I still hold Doan's Kidney Pills in high esteem and I gladly confirm my former endorsement of them. I have been free from kidney complaint since this remedy cured me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.—Advertisement.

## Closing Out Fall Suits

Choice of any of our Fall and Winter Suits Values up to \$37.50 Choice . . . . . \$12.50

## THE HUE OF HEAVEN.

Blue! 'Tis the life of heaven, the domain  
Of Cynthia, the wide palace of the sun.  
The tent of Hesperus and all his train.  
The bosom of clouds, gold, gray and dun.  
Blue! 'Tis the life of waters—ocean  
And all its vassal streams.  
Pools numberless  
May rage and foam and fret, but never can  
Subside if not to dark blue nativeness.  
Blue! Gentle cousin of the forest green,  
Married to green in all the sweetest flowers—  
Forget-me-nots, the bluebells and that queen  
Of secrecy, the violet. What strange powers  
Hast thou as a mere shadow!  
But how great  
When in an Eye thou art alive with fate!

—Keats.

## THE CHARTER ELECTION

In our judgment, the principal cause for the overwhelming defeat of the charter is the fact that taxes have been pretty high this year and many voters believed the adoption of the charter would make them higher. Besides the opposition from those who are ultra-conservative and, therefore, opposed to even slight change in form of government, and also from those who are radically progressive and, therefore, opposed to any change which does not "go all the way." With so much natural and normal opposition it was not difficult for the political opposition to carry the election by an overwhelming majority.

That there was political opposition there can be no doubt. The charter was a progressive measure and sprang from Progressive sources and received the support of the Progressive leaders. This resulted in a combination of Democratic and Reactionary leadership in opposition to the measure.

The result was no surprise to the Register and no cause for serious regret or disappointment. We wanted the charter to carry and hoped it would, but we had at no time any confidence in its doing so. As so often pointed out by this paper its basic principles were sound and trend in the right direction. Its apparent defects could have been tested by its operation and those which proved to be real defects could have been remedied by amendment. But we could not consistently and conscientiously defend the charter against all the objections urged against it, nor enthusiastically advocate its adoption. It was an instrument difficult to analyze and interpret with certainty; and while we were willing to accept it in the interest of progress, we felt impelled to submit the case to the voters on the evidence presented.

## COLLEGE AND UNIVERSITY STUDENTS

The college and university boys and girls have come and gone, for the Christmas holidays, and have made hardly a ripple on the placid surface of the town's social waters. Time was when they made much more than a ripple—indeed they made quite a splash.

The return of the students for the holidays was not so common an experience years ago. In a country town well known to the writer, there was for years and years but one boy who was attending a college. It seemed a far, hard climb to Pasadena heights. A few girls had adventurously attended state normal school. This was popularly regarded as a more or less foolhardy enterprise. Today about half the graduates from high school go on beyond.

A glimmer of romance used to attach to the college youth as he strode down his native heath. His student songs had alluring sparks of scholastic witicism, not unmingled with naughty but nice touches of the world, the flesh, and the devil. His clothes created envy among the stay-at-homes and deepened contempt for the village tailor.

Today the college boy occupies no pinnacle. There are too many of him. A lot of people have the idea that you can make a boy a genius, not by teaching him to do things, but by reciting by heart the things other men have done. That places on every college a certain burden of dead wood.

And so the college boy has become too common to excite special remark. He went to college a cub, he may

## Growers Say Duty on Walnuts Is Necessary

Los Angeles Examiner: C. C. Teague of Santa Paula, president of the California Walnut Growers' Association, Dr. J. A. Osmun, president of the Los Nietos and Rancho Walnut Growers' Association, and Fred A. Hazzard, secretary of the California Walnut Growers' Association, were selected yesterday by the walnut growers as the committee which will go to Washington and lay before the ways and means committee the argument for the retention of the present tariff on walnuts.

Twenty prominent growers were present at the meeting yesterday in the offices of the association in the Frank P. Fay building, representative of the various local organizations of the walnut growers which make up the general association and also of individual growers not affiliated with the association.

The walnut tariff will not be taken up until January 20, which fact gives the growers more time to marshal their argument than the olive growers will have who must be ready with their brief by January 6, when the ways and means committee will take up the schedule, which includes a portion of the olive products.

Statistics to be gathered by the committee named for the walnut growers will gather comprehensive statistics as to the magnitude of the industry, cost of labor, transportation charges, number of people directly and indirectly concerned, and will have ready for presentation to the ways and means committee a comprehensive brief showing the necessity of protection against the foreign cheap-labor product if the walnut industry of California is to continue to develop.

According to the last returns to the assessor of California there was a total acreage of walnut groves in Southern California of 26,000 acres. Of this total, 28,000 acres was of bearing trees, the total investment approximates \$50,000,000. The product for the season just closed was 9600 tons and the value to the growers was about \$2,500,000.

Nurserymen have large stocks of

trees and under normal conditions the demand during the planting season will be greater than the supply, for the industry is expanding with tremendous strides.

If, however, the committee shows a disposition to remove or seriously cut the duty on walnuts, walnut growers agree that planting will cease, for the industry will not be able to meet successfully the competition of the foreign walnuts grown and harvested with cheap foreign labor.

"I do not anticipate great difficulty," said President Teague yesterday, "in convincing the committee that the walnut duty of three cents a pound on walnuts in the shell and five cents on shelled walnuts must be retained."

"Congressmen, whether Democratic or Republican, do not want to be responsible for disaster, and if we are able to show them that disaster will follow we will gain our point, I believe."

"It is up to us to show them that the walnut industry cannot meet foreign competition, and that it is more important to the country at large that the duty on walnuts be retained and the industry developed to the point that the country be made independent of the foreign supply, than that the price to consumers be temporarily decreased by the admission of foreign walnuts free of duty."

Has Faith in Committee  
"If we are able to show them that, I have little doubt the committee will not touch the present schedule, and I have no doubt at all that we will be able to produce the figures."

The citrus growers have already decided to send G. Harold Powell, manager of the California Fruit Exchange, to Washington, and the olive growers have selected Dr. C. J. Huff as their representative. The orange and lemon growers have their brief already prepared, and the olive growers are at work on their presentation of arguments to be submitted to the ways and means committee. The olive men began yesterday the collection of subscriptions from olive oil manufacturers, olive packers and olive growers to defray the expenses of their campaign.

## Another Reduction in Cost of School Books

SACRAMENTO, Dec. 30.—When in June of this year the State Board of Education, on the recommendation of State Printer Friend W. Richardson, reduced the manufacturing cost of state school books 27 per cent, it was thought that bedrock had been reached. It seems that this was not the case, for during the last two months Richardson has been able to cut the former cost 42 per cent.

The following table shows the name of book, new manufacturing cost, cost under Shannon's administration and percentage of reduction:

Name	Richardson's New Manufacturing Cost	Shannon's Admin	Reduction
Primer	124	172	38
Second Readers	13	1875	44
Third Readers	156	31	59
Fourth Readers	159	33	52
Speller-Book I	12	165	37
Speller-Book II	117	165	38
First Arithmetic	138	2075	33
Advanced Arithmetic	163	32	49
Introductory History	14	39	48
Civics	215	375	42
Primer of Hygiene	114	17	33

Average Reduction, 42 per cent.

still eat with his paws, spiritually speaking, when he comes back.

But usually the life of the campus opens a fellow's eyes to a lot of things. The democracy of youth tones down cub manners. And then there are most positive factors. The atmosphere of youthful enthusiasm, the companionship of brilliant but unworldly men, not to speak of such golden truths from the world's sages as the boy of eighteen may be able to make his own.

Altogether the typical college fellow does have a poise and a graciousness of manner that are very winsome. And when admiring aunts embarrass him by remarking how he has grown, they have many other things in mind but feet and inches.

Less Whiskey, More Tea  
Australian Review of Reviews: Thirty years ago whiskey was the beverage of commerce in Australia. It was almost impossible to do business without washing it down with whiskey. The morning and afternoon nips were epidemic. All that has been radically changed by the arrival of the age of reason.

It may not be that in the aggregate less whiskey is being consumed today in Australia than thirty years ago. Population has substantially increased. But it is undeniable that whiskey and business have become largely divorced. In the professions as well as in commerce men have discovered that it does not pay to associate whiskey with business. The demand today is for clear brains and a strenuous application to business during office hours. Where the social custom demands it, tea is now largely the beverage honored in place of whiskey.

Scotch Griddle Scone  
Sift together twice one cupful of flour, one-half teaspoon of baking soda, one teaspoonful of cream of tartar, a pinch of salt, and a tablespoonful of sugar. Add a small piece of butter or lard, a few chopped raisins or caraway seeds, and enough sour milk to make a stiff dough. Turn upon a board and work by gentle kneading into a round cake. Flatten it with a rolling pin and place on a hot griddle. Brown on one side, then turn and brown on the other. If preferred, this scone may be baked in the oven. The raisins, or seeds, or both, may be omitted.

Surprise Cooking  
One cup sugar, one-half cup shortening. Beat to a cream, add one-half cup milk, one beaten egg, three and one-half cups flour, sifted with three level teaspoons baking powder.

Cake Filling  
Mix three-fourths cup sugar, one tablespoonful flour, one cup boiling water, one cup chopped raisins and nuts and cook until it thickens. Roll the dough very thin and place the filling between two layers. Bake.

## The People's Forum

Brief communications will be published under this head, provided they be signed by the author, or the author's name be sent to the Editor as an evidence of good faith. However, the Editor shall be the sole judge as to the propriety of publishing any communication, and the Register assumes no responsibility for any views that may be expressed in this column.

Inspired by the "Smudge-Pot"  
The following lines, recently picked up in Tustin, are accredited to the late Thomas A. Wigglesworth:

"O be not the first to discover  
A smooch on the nose of a friend,  
A smirch on the face of a lover—  
'Twill surely be clean in the end.  
We none of us know one another  
In the smirch and the smooch, and the smoke—  
And those who love clean and sweet houses—  
Their hearts are tetotally broke."

Capital Punishment  
If the instance might be honestly accepted as a criterion of judgment it would be a very sad commentary indeed upon present day Christian enlightenment to consider as representative of the highest and best prevailing thought the ideas endorsing capital punishment as set forth in a certain local pulpit last Sunday.

To those who anxiously, impatiently, await the slow unfolding of Truth in human consciousness and the full realization of that spirit of the season, "Peace on Earth, Good Will Toward Men," such an utterance from such a source must come with a shock well seasoned with despair.

The theory favoring capital punishment better becomes the vicious reasoning of the dark ages and is utterly incongruous to the humanitarian ideals and altruistic thought of today. Where therein are the Christly compassion, sympathy, charity and long-suffering? Are they not dislaced by revenge, vindictiveness and intolerance?

When such un-Christian sentiments as these emanate from the pulpit is it any wonder that the churches look with surprise, to say nothing of alarm, when the soul-hungry multitudes turn elsewhere to be fed? Are those who seek Truth, soul satisfaction and enlightenment in the many new sects and creeds to be censured when such conclusions as these prevail? Is the progress of mankind to be ever stubbornly retarded instead of facilitated by that factor which was supposedly created to accomplish the highest enlightenment?

Those who are in the least capable of independent thinking, and who idealize principles of Truth as taught and lived by the great Master of Truth, will rise above such false teaching and zealously strive to rid the world of such barbarous precepts and practices.

The writer believes that no man, be his influence wide or narrow, should, in this wonderful, evolutionary age, with all its strivings and successes in bettering human conditions, be allowed to disseminate such erroneous and demoralizing theories unchallenged.

It were far better that the church and society devote themselves more to eradicating the causes of criminal-making rather than to deal in revengeful, murderous fashion with criminals themselves.

Who will venture to say that the liquor curse, for instance, did not at some time, directly or indirectly, exert a causative influence upon the recent local crime? Or perhaps that equally, or possibly still more pernicious curse, the cigarette, planted its poison in the mind of the victim of society's legalized demoralizing influences.

Until society shall rise up and purge itself of these leprous mind, body and soul infections, can it with justice set itself upon the judgment seat to exercise the divine prerogatives, the gifts of life and death?

The writer knows a certain judge, a prominent church member and professed Christian, who, on pronouncing sentence upon his prisoners, seldom fails to openly express profound regret that he cannot, by law, make the sentence much more severe.

ity? If it be, then deliver us from Christianity!

Society must learn that the criminal possesses just as great potency for good as for evil, a fact proven in thousands of cases. His sin is but the result of misdirected, misapplied energy. Persuade him of his error and its fatal ends, convince him of truth and its rewards, awaken repentance and humility through charity and love, and you bless the individual, yourself and the race.

There is no criminal so hardened but there is within his soul a spark of the divine, which, if fanned aright, will glow and grow.

No one believes more firmly than the writer in the necessity of restraint of criminals, nor yet more devoutly in the exercise of every means toward reformation. But he believes that greatest stress must be laid upon eradicating every conceivable cause of criminal development, and, that society needs to be taught to hate the crime without hating the criminal, to learn that revenge begets revenge, hatred, hatred, and above all that love and charity beget love and charity.

For its convincing argument and charitable handling of this momentous question scarcely a stronger article has come under the notice of the writer than that appearing in the December number of the West Coast Magazine, written by Reynold E. Blight.

Very respectfully,  
CLARENCE A. GUSTLIN.

## ALLIES ORGANIZING TO CRUSH THE JOHNSON ADMINISTRATION

SAN FRANCISCO, Dec. 30.—Theodore Bell is proceeding, with remarkable enterprise, in the organization of his Democratic League of California. A salaried organizer has been sent into the field to promote the formation of clubs in all parts of the state.

Simultaneously, there is a renewed activity among the old-time railroad politicians who describe themselves as Republicans.

Also in unison, came the attack of President William Sproule of the Southern Pacific on the State Railroad Commission.

Then appeared on the scene, identically after the manner the scheme was worked in the good old railroad machine days, the representatives of the so-called association of railway employees, shouting loud their protest before the State Commission against the reduction of rates. When President Eshleman demanded who had prompted their appearance, the incoherent reply was "was not a debatable question."

Now comes Congressman Julius Kahn of San Francisco boldly making the announcement at a Philadelphia banquet that he is proud to call himself a reactionary and that he is opposed to cardinal Progressive measures.

It is clear that the assault on the Progressive administration in California is being taken up all along the line even at this early day. Very evidently it is regarded as a two year's job to crush Governor Johnson. Banquet speakers who have been extremely silent for two years are now emboldened to speak out their bitter hostility.

The time is ripe for "frame-ups," though they are not so easy to carry out, now that there are Eshlemans to contend against.

The most glaring enterprise, however, to "get" Governor Johnson is Theodore Bell's Democratic League. It has powerful inspiration behind it, and already has a dominating place in the Democratic party.

The predicted split between the progressive and reactionary elements in the Democratic party is already realized in California. It has been hastened in this state because in an-

other year there must be a definite shaping up of the fight against Governor Johnson. The "wait and see what Wilson does" attitude does not apply to California. The issue is already at hand in this state.

The Democratic State Committee, which in vain resisted Theodore Bell and his movement to organize clubs, plus its hopes in President Wilson. Secretary J. J. Scott of that body is to make the journey to New Jersey to tell the incoming President about the California situation. The state committee admit that they are none too sure of the situation, because they are none too sure of what stand the Democratic congressmen from the state will take. They will, of course, have a powerful influence at the White House.

It is announced, on the other hand, that regardless of the attitude of President Wilson, organization of Theodore Bell's League will be carried forward energetically to prepare for the state contest in 1914. The defeat of Governor Johnson is the object in view, and national politics is a secondary consideration.

Who the League's candidate for governor will be is as yet considered only in desultory fashion. Bell himself has a strong following, which wants him to make his third attempt. Congressman John Raker is also developing a powerful support.

Turkey, chicken, ice cream and other good things for dinner at Hotel Rochester tomorrow. 50 cents.

Spiced Grapes

Squeeze the pulp out of the grapes and cook it a few minutes until you can press it all through a sieve. Reject the seeds, weigh the pulp and skins, and to each pound of fruit allow three-quarters of a pound of sugar, one-half pint of vinegar, one-half tablespoonful of ground cloves, one-half tablespoonful of ground cinnamon, one-half tablespoonful of allspice and one-half teaspoonful of ginger. Put all this into a preserving kettle, stir it frequently and cook it slowly for an hour. Put it into glasses let it stand for two or three days and then cover with paraffin in the usual way.

## SOCIETY

**Surprised Bride-Elect**  
Friday evening Section One of the Philathea Class of the First Methodist church surprised Miss Nettie Adams, one of its members, who on Dec. 3., is to become the bride of Frederick Cushing of Long Beach. Gifts useful and ornamental were showered upon the honoree, and delicious home-made candy was passed. Miss Adams is one of the bright and shining members of the class and has the good wishes of all for her future happiness.

**Christmas Guests**  
Mrs. W. L. Grubb had the pleasure of entertaining her aunts, Mrs. E. B. Lockwood of Stanford, Conn., and Mrs. Charles Jewell of Topeka, Kas., and Mr. and Mrs. Eugene Jewell and Mr. and Mrs. W. B. Jewell of Los Angeles, over Christmas. Mr. and Mrs. Eugene Jewell are delighted with Santa Ana. They declare it pleases them better than any place they have found in a long round of travel, and they may come here to live.

**Closing Meeting of Year**  
Sycamore Rebekah lodge members turned out in large numbers for the last lodge meeting of 1912 last Saturday night.  
Besides ordinary business, the lodge voted on two candidates and received four new applications for membership.

Following the lodge session, the members adjourned to the banquet room of the Odd Fellows building and held a festive half hour over an old-fashioned "Dutch Lunch."

**Bryan-Rutherford**  
Miss Lillian Rutherford was married Thursday afternoon to Edgar A. Bryan of San Pedro. The wedding was a quiet one at the home of her parents, Mr. and Mrs. S. T. Rutherford, Rev. J. A. Stevenson officiating.

**Card of Thanks**  
We wish to express our appreciation for the kindness and sympathy of the many friends in our bereavement by the death of Mrs. Mary A. Vandermast.

MR. and MRS. A. E. BENNETT and Family,  
MR. and MRS. C. F. OSBORNE.

**Was Turned Loose**  
Yesterday City Marshal Jernigan took Russell Reese of San Diego off of a north-bound Santa Fe train on instructions from San Diego. Reese was put in jail. Jernigan then got word from San Diego to let him go, as the case against Reese, jumping a board bill, had been settled.

But two days are left you, Monday and Tuesday, to settle your unpaid account on our books before Jan. 1, 1913.  
Be it ever so small we shall appreciate a settlement so as to start the new year with books entirely clear. Don't forget!

## HOW TO KEEP YOUNG—MISS RUSSELL'S RULE

"What's the use of growing old and decrepit when you can be always young and joyous—what's the use?"  
"You may grow old in years—that's the fault of time, the measured finite state of successive existence, and it can't be helped; but if you age with the passing years, if you lose the flush of youthful beauty, the gladness of the buoyant, vivacious spirit of adolescence—that's your fault."—Lillian Russell, on age.  
And, in addition to the above and with a full realization of the fifty-one years she knows of, Miss Russell adds:  
"I am still an infant."

## Personals

Mr. and Mrs. Geo. W. Young and family motored to the W. K. Robinson ranch in Trabuco yesterday. Misses Alice and Hester Robinson returned with them after the Christmas vacation.

Mrs. William McKinney of East Sixth street is confined to her home by illness. It probably will be several days before she is around again.

Mrs. Ethel Curtis Burns of Los Angeles with her little baby daughter, Marjorie, is spending the Christmas and New Year holidays with her parents, Mr. and Mrs. E. R. Curtis. Mrs. Moseley of Los Angeles accompanied Mrs. Burns for a four days' stay at the Curtis home, returning Saturday to the city.

Mr. and Mrs. H. K. Lathy, of Fresno, who are spending a month or so at Pasadena, were week-end house guests at the home of County Auditor and Mrs. Cal D. Lester. Mrs. Lathy is Mr. Lester's sister.

Miss Jennie Humphrey is spending a week with her brother, Harry Humphrey, and family. She is taking the training course at the Los Angeles Public Library.

Miss Ellen Campbell, formerly of this city, but now living at Long Beach, is at the Lacy house for a few days before returning to Downey to complete her visit to a brother living at that place. Miss Campbell is convalescing from a release following a serious case of typhoid.

## NEWSBOYS' NIGHT AT THE BELL THEATER

Manager Roberts invites all of the newsboys to be his guests on Tuesday night, Dec. 31 (New Year's Eve), at the Bell Theater, and has promised to give them a royal treat in the way of good entertainment, and with the regular high class performance, he has secured a special reel of pictures for this occasion and the boys will have the best seats in the house from 7 to 9 p.m. The new show for Monday, Tuesday and Wednesday, at the Bell, is just one better than all others, including a big vaudeville number, "A Mixed Affair," by Heist and Thompson, a Pathe Weekly reel and three other splendid pictures.

**NOTICE OF CLOSING**  
—The Fourth Street Market will close at 10 o'clock, New Year's Day, for the remainder of the day.  
BERGMAN & ROBERTS.

Try an 80 lb. sack of our mixed feed, good for horses or poultry and will fatten quickly. For sale by all dealers. OLIVE MILLS.

## COUNTY Y. M. C. A. RALLY WAS ENTHUSIASTIC ONE

The county Y. M. C. A. rally held yesterday afternoon in the Y. M. C. A. building at Garden Grove was a complete success both from the point of attendance and enthusiasm. The building was crowded to capacity, there being about 125 association men present from all parts of the county, those from Santa Ana, Fullerton and Anaheim going via automobile and electric railway.

The meeting was in charge of the five college boys who are conducting a series of meetings at the Garden Grove association building. The meetings will be continued through this week, and good attendances are expected at every meeting.

**Basketball Game**  
It was planned that a basketball game be played on New Year's Day at Garden Grove, between a Santa Ana Y. M. C. A. team and a Garden Grove Y. M. C. A. team, the winners to play an aggregation from the Fullerton association.

**Lost in Race With Death**  
Miss Mary Hallmark was called to Altarado, Texas, on account of the serious sickness of her father at that place. She was not in time, however, and her father was dead when she arrived.

She will remain there indefinitely. Miss Hallmark is the niece of Mr. and Mrs. S. P. Hamilton of French street.

—Dr. A. T. V. Osteopath. Office, 114 1/2 East Fourth street. Sunset 239.

**Horse Interfered** Get him shod by Smith, 407 North Arch. That's all.

underwear.  
AND HE WILL COME BACK FOR MORE OF IT.

**Vanderast & Son**

## GAME ASSOCIATION TO MEET TONIGHT

A meeting of the Orange County Game & Fish Protective Association has been called for tonight at the city hall. The object of the meeting is to consider some action in regard to the Game & Fish Protective Association's convention, recently held in Los Angeles. Local sportsmen are far from pleased with the activity at that convention of Chief Deputy State Commissioner Fritchard.

When the association was formed the representatives of the State Fish & Game Commission assured the hunters that the associations were formed for the purpose of giving free expression to desired legislation, the commission to go to Sacramento and ask the Legislature for whatever legislation the hunters should recommend. It is alleged that when it came to the convention it was found that Fritchard was present speaking frequently and using his influence to put through recommendations. Fritchard's activity struck the Orange county delegates as rather strange coming after the assurance of the commission that the commission desired to know what the sportsmen thought of proposed legislation.

Another matter that is going to receive consideration tonight is the proposal of the State Commission to leave this county without a game warden. Deputy Robinson was recently notified that he would be laid off on January 1. Robinson is the only deputy residing in this county who gives his whole time to the work of the game commission. Many local game men think that inasmuch as this county pays about \$3000 a year in hunter's licenses into the treasury of the commission the county ought not to be deprived of the deputy.

These matters as outlined above will probably be presented tonight by Victor Walker, D. L. Anderson and W. L. Grubb, who attended all part of the sessions of the convention, and by others who are interested in the matter.

**Reduce the High Cost of Living**  
—So many are anxious to reduce the high cost of living, that on January 1st, 1913, The Triangle Cash Market has decided to cut expenses in half by delivering no orders and selling cheap for cash at the Market, thus saving over ten per cent on meat to purchasers.

Open New Year's Day 7 to 8 a. m. only.

**TRIANGLE CASH MARKET,**  
Gerrard Bros., Cor. Fourth and Main.

**Card of Thanks**  
I take this method of thanking the members of my church and the Woman's Missionary Society in particular, for their many kindnesses to us during the Christmas holidays. The large fat turkey and all the nice things to eat that were sent around to the paragon were highly appreciated and greatly enjoyed. The box of packages sent over from the Christmas tree and the numerous cards received through the mail wishing us a merry Christmas, are hereby gratefully acknowledged. We invoke upon you every one the blessing of Him who is the giver of every good and perfect gift, and wish for you all a happy New Year.

Sincerely,  
D. SCARBOROUGH.

**Card of Thanks**  
To the friends and neighbors who so kindly assisted us during the last illness of our wife and mother, Mrs. W. H. Zimmermann, and their words of sympathy afterwards, we wish to thank you and assure you of our appreciation of your help and sympathy.  
THE FAMILY.

**Foils A Foul Plot**  
When a shameful plot exists between liver and bowels to cause distress by refusing to act, take Dr. King's New Life Pills, and end such abuse of your system. They gently compel right action of stomach, liver and bowels, and restore your health and all good feelings. 25c at all druggists.—Advertisement.

Economy assured by using Olive Milling Co.'s specially prepared combination mixed feed—ground barley, cracked corn and wheat shorts. Only \$1.35 for 80 lb. full weight sack.

## IN THE JUSTICE COURT

## MERRILL MUST PAY FOR THE GROCERIES

Justice Cox Gave Judgment in Favor of East Washington Avenue Store

Justice Cox today gave judgment for \$32.26 in favor of G. J. Beckman, an East Washington avenue grocer, against J. B. Merrill, Beckman in his action claimed that Merrill was responsible for a bill obligated at the store for articles received by Roman Vega and Miguel Ortiz because of an order given by Merrill in which the store was told to allow the men to take the groceries. Harding was attorney for Beckman.

**Fined \$5 Each**  
Luis Sanchez and Theo. Samilpa were today fined \$5 each. In complaints sworn to by City Marshal Jernigan they were charged with disturbing the peace on Lincoln street.

## AT THE COURTHOUSE

## SAYS GRANDMOTHER HAD LIFE ESTATE

Charlie L. Horton of Orange has brought suit against T. A. Winbiger as administrator of the estate of Lucy J. Brown, deceased, grandmother of the plaintiff, to quiet title to 30.37 acres. Horton asserts in his complaint that Mrs. Brown, the grandmother, had only a life estate in the property from Horton's mother. Horton was a constant for letters of administration in the Brown estate, but failed to get them. Tipton & Calor of Anaheim are his attorneys.

## MRS. LOPEZ TAKES OVER EXPRESS CIRCULATION

Mrs. Olive Lopez, who has for some time been looking after certain branches of the local business of the Los Angeles Express, has now taken over the entire Santa Ana circulation and other business of that publication. She will now be in entire charge.

Mrs. Lopez is an experienced newspaper woman and her connection with the Express has continued for over eight years so that she is entirely familiar with the policy and methods of the paper, and of the needs and desires of its Santa Ana patrons, thus being well qualified to serve both the interests of the paper and its subscribers.

Her friends will not only wish her unbounded success in her enlarged enterprise but will be glad to aid her in making it worth while.

**Taft at Key West Sunday**  
KEY WEST, Fla., Dec. 30.—President Taft and his party, including Goethals, arrived here yesterday on board the battleship Arkansas, after the trip of inspection of the Panama Canal.

All on board the ship were well. The President and those accompanying him left for Washington after a brief stop. The battleship Delaware, which kept in sight of the Arkansas all the way from Colon, came into port almost simultaneously with the Arkansas.

The President was in fine health, and expressed himself as well pleased with the trip to the isthmus.

Mrs. Ada F. Champ, artist. Oil, water-color, china. Studio 115 1/2 West Fourth St. Lessons given.

## 1913 To Be Great Year For YUCAIPA

Note the big things now under way on the "South Bench."

Work on the roads connecting the Main and South benches now being done.

Work has commenced under the contract to dig twenty-four miles of ditch for the irrigating mains. This will proceed at the rate of one-half mile per day.

Twenty-four miles of steel pipe, from 6 to 16 inches in diameter is being built and delivered and will be placed as rapidly as the ditch is ready.

Seventy-eight thousand dollars' worth of pumping machinery is being installed in six big wells.

Distributing reservoirs are being built.

High power Edison electric lines are being put through the valley to the pumping plants.

Forty thousand apple trees are being delivered and the ground is being prepared for early planting.

Homes are being built and many who bought and planted one and two years ago, will during the year locate in the valley.

During 1913 hundreds of acres of trees planted three seasons ago, will come into profitable bearing.

Now that is going some! What are you doing? Soon, very soon, this South Bench, the cream of the valley lands, will all be sold. Hurry up! Remember there is no better soil in Southern California. Remember the location, only 64 miles from Santa Ana, adjoining famous Redlands, elevation 3000 feet, soil like a garden, ready to plant, the most modern irrigating system in the world, domestic water under pressure, railroad, electric light, fine schools, churches, good roads, stores, newspaper, growers' institute, public library, hotel, all these things for ranchers, think of it!

Go with us on a one day trip to see it all for yourself. Make your money work. Easy payments, low interest.

## WEDDING FEE HIT GRAND JURY

(CONTINUED FROM PAGE ONE)

wanted the grand jury to take some action to protect Justice Cox against encroachments from Fullerton and Landell, that even if Cox was getting the big end of the business he was entitled to all of it because he was justice of Santa Ana township.

It was stated today that the G. A. R. posts at Orange and Santa Ana would pass resolutions petitioning the grand jury to make some recommendations against the practice indulged in by the presiding justices of San Juan and Orange townships.

Some of the members of the grand jury are said to have asked if by justices of the peace for marriages he was Fullerton or Landell away. The answers were necessarily in the negative.

The upshot of the whole affair is very likely to be a recommendation from the grand jury that will knock the marriage business sky-high so far as the justices of the peace are concerned. Some of the grand jury are reported to have been discussing the advisability of passing a recommendation that all fees taken in by justices of the peace for marriages be turned into the county treasury, as is done in Los Angeles and some other counties.

If Senator Anderson and Assemblyman Weisel should put through such a measure, the preachers would continue to collect and pocket their fees, but the justice will part with what he gets.

## UNCONSCIOUS FROM THE GAS

Mrs. Homer Peek and Her Baby Ill From Effects of Peculiar Experience

Mrs. Homer Peek and baby were overcome by gas about 8 o'clock this morning at their home at 525 Wellington avenue. Mrs. Peek was preparing to do some washing and had the gas turned on in the water heater.

In the room at the time was Mr. Peek, who was holding the baby. The father and mother noticed that the room seemed rather close, but they had not noticed the smell of gas.

Suddenly the baby began to scream and fell back limp and unconscious.

Mrs. Peek was overcome at the same time but was unconscious only a few minutes, while the baby was under the influence of the gas for nearly a half hour.

Drs. Clark and Wehrly were called in and brought the baby out of danger.

It is not known how the gas escaped. The fire was burning under the heater and did not go out. It is very fortunate that there was no explosion or the results would have been more serious. The odor of gas was very strong to the neighbors who came into the house in response to Mr. Peek's summons. Peek barely escaped unconsciousness.

## TELLS OF EARLY SETTLEMENT OF THIS SECTION

(From Anaheim Gazette, Dec. 10, 1870).

**Santa Ana**  
This flourishing village now embraces 24 well-constructed and comfortable houses, among which are a store and postoffice. Parties are talking of constructing a commodious hotel, as constant inquiry is being made for one by travelers and settlers. The indications are that the country around Santa Ana for many miles will all soon be occupied by beautiful garden homes, such as only can be brought into existence in this remarkable climate. During last week 12 families camped down on the Williams estate, and even now are nearly all permanently located thereabouts.

While the land around Santa Ana is the very best, the price thus far has been quite low, hence the influx of settlers. We are informed by A. L. Push, Esq., that the McFadden ranches have been withdrawn from the market at \$16 per acre, as they were going like "hot cakes" at that value.

**Three Men Fined**  
Last night about 11 o'clock Officers Murray and Ryan arrested John Beaulieu, John Boosey and Ed. Carson at the Pony Stables on Sycamore street, and this morning the three men were charged with being drunk. City Recorder Willson fined them \$10 each. Carson did not have the money and was sent to jail.

**Better late than never, men say. Better never late says BIG BEN.**

Leave your call with him and you will be on time with all of your engagements.

Call and see him and also a full line of mantel clocks.

## Pacific Coast News Letter

WASHINGTON, Dec. 30.—More than 2000 homesteads in northeastern Washington and northern Idaho will be forfeited, according to Congressmen William La Follette's estimate, unless the recent ruling of Secretary of the Interior Fisher, that settlers have no further option as between the new three-year law and the old five-year period for "proving up" their claims, shall be remedied by an amendment to the law at this session. That is why general support is being given an amendment to be introduced by Senator Borah in the one house and Congressman La Follette in the other, to relieve the settlers in wooded or brush districts of the cultivation clause in the three-year law.

Fisher ruled that no settler could prove a homestead under the old five-year period unless he had filed prior to June 6, 1912, when the three-year law, designed as an alternative choice with the five-year plan, became operative. The settlers now facing loss of their homes had not cleared the 20 acres required to be put under cultivation under the new plan, nor can they afford to complete any such improvement within the time limit.

Senator Borah proposes that only one acre, in timber or brush country, be required to be under cultivation at the end of the first year, and only three acres at the end of the third year.

Many of the settlers "squatted" on the land before it was thrown open for entry, and under the old law were eligible to prove their right, but now must clear and cultivate an impossible area of woodland.

In Douglas county, Oregon, 60 claims were taken about ten years ago, and since the land was not surveyed and thrown open to legal entry until after June 6 of this year they may shortly be evicted.

Congressman Lafferty of Portland has introduced in the House two bills of the Progressive party bills, which in this session will cover a wide range of subjects. His first proposal is that a minimum wage commission, similar to that now at work in Massachusetts, be established for the District of Columbia. The penalty attached of refusal by an employer to raise wages in accordance with an award by the commission is to be \$25 fine per employee, in each instance proven.

Lafferty's second measure provides that a physical valuation shall be determined for all public utilities in the District, and that their service and their rates and prices of service or commodities shall then be fixed upon a basis of the actual physical investment, and not upon the basis of stock capitalization. This bill is adapted from those in effect in Wisconsin and Oregon.

As in the case of Senator La Follette's eight hour bill, the introducer has no expectation that these will become the law at this session. They are designed only to build up a public demand for legislation on these lines.

Congressman Raker of California demands that the English walnut industry, rapidly developing in his state, be given the protection due an infant from the federal government. He is not looking for a protective tariff, but asks that \$50,000 be set aside for the use of the Bureau of Plant Industry in conducting an experiment station which shall improve the breeds of walnut trees. Little is known in this field at present, and the scientific men are anxious to go into it.

George Goode, a lawyer of Wenatchee, Wash., has arrived at the capital after walking the entire distance from his home in 18 months. Goode earned his way at odd jobs, and hoped to get a political one when he reached here. Owing to the fact that President Taft, whom Goode supported, and in whose aid he sought to run for congressman, he district two years ago, has very few

days of patronage-disposal left, the man from Wenatchee will soon start to walk back home.

It is conceded by House opponents of the Baker Asiatic exclusion bill that if that measure is once released from committee it will be passed by the House by a substantial majority. Chairman Burnett of the immigration committee has promised to have it reported soon after the holidays. All of the western members will vote for it, and nearly all of them will give it their sincere support.

In the Senate the sentiment is less certain in favor of keeping out the Hindus and Japanese, but pressure from home is counted upon to bring a majority into line, if the action in the House is prompt enough. In any event, action by the new Congress is assured.

While Senator Bourne and his joint committee are going again into the whole question of national aid to good roads, Congressman Warburton of Washington has his bill for the construction of a national military highway nearly ready for introduction in the House. This military highway plan, which proved effective in Warburton's campaign, calls for the building of paved roads connecting the capitals of all of the states, with each other and with the national capital—a matter of 15,000 miles of highway paved 16 feet wide. The money to pay for this improvement he would secure by restoring the internal revenue tax of 1879 on tobacco. The present revenue from the tobacco tax he says is about \$58,000,000, while under the tax in force in 1879 it would now be \$138,000,000.

Warburton would use about \$200,000 of this revenue annually for improving roads in each of the national parks.

Congressman William Kent of California, who has joined with David Starr Jordan, president of Stanford University, Benjamin Ide Wheeler, president of the University of California, and Archbishop Riordan of San Francisco in an appeal to President Taft for an amicable adjustment of the Panama canal tolls dispute with Great Britain, today outlined his argument against free tolls for American shipping, as the result of a study of past treaties.

He said that the history of the Clayton-Bulwer treaty seemed to prove that England refrained from colonizing the isthmus in definite return for uniform tolls. The Hay-Pauncefote treaty, he asserted, was drafted on the same basis as the Suez agreement, which provides for no discrimination. When this treaty was before the Senate the question of discrimination in favor of American shipping was raised by Senator Bard of California and voted down.

"To the lay mind," said Kent, "it is always interesting to learn the intent of parties entering into a legal obligation or formulating a law. This is abhorrent to the legal mind, which cares all for the letter and nothing for the intent."

"Joseph Choate, who was one of those engaged in drafting the Hay-Pauncefote treaty and securing its ratification, is authority for the statement that the intent was clearly what the words of the treaty would imply—that there should be no discrimination, even in favor of American coastwise trade."

As to the justice of free tolls, Kent declared that they would probably act as a subsidy to the coastwise shipping combination, which can fix rates and shall still absorb the remitted tolls. Should any benefit get past the combine to the consuming public, only the people in coast states would benefit, and they would benefit at the expense of the people of the whole country, who through some form of tax would be forced to pay the maintenance deficit of the canal after having paid for its original construction.

the secretary does not look upon the suggestion favorably and retains the letter.

When the Pacific wooden ball on top of the State, War and Navy buildings drops with a thud, ships thousands of miles at sea in all the directions of the compass, set their chronometers.

For this little ball represents the official time at sea for American vessels of this country, and the official time at sea for American vessels. It is operated from the naval observatory, exactly at noon, and as it falls, the Arlington radio station wirelessly the one flash "noon," through the air, the telegraph operator flashes it over his keys, and tens of thousands of clocks are tele-

graphically regulated to the dot.

Just how indestructible that enormous terror of the seas, the iceberg, is, was recently recounted by the command of the U. S. S. Birmingham, who reported that though he had several five inch shells in one of them, little damage was done save for holes showing the shots.

The scout vessels Birmingham and Chester, which cruised the region of the Titanic disaster, reported that only a patrol of the region would make it safe. There was no other safeguard possible, the commander said.

For the past year, instead of sending enlisted sailors to prison for minor offenses and for desertion, the Navy Department has been confining them as "detentioners" under the same regulations they had in service.

The result has been that several other men, who would have been otherwise discharged at the ends of their terms as disgraced offenders against the law, the back into the military department, on the same footing as all the other men.

When things are quiet in the Senate, every senator takes turns in approaching the desk of Senator Ben Tillman from South Carolina, who has been in ill health, to tell him how well he is looking.

Several senators during recess today crowded about the senator. "You're looking fine, Ben," they told him. "You're as peppery as ever."

Tillman gazed at them quizzically. "I'll have you all indicted for conspiracy," he drawled. "You're all in this darn bluff to make me believe I'm getting well."

### CELERY SHIPMENTS EXCEEDINGLY SLOW; WEATHER TO BLAME

HUNTINGTON BEACH, Dec. 28.—Adverse weather conditions have prevented large shipments of celery from the neighboring celery lands this week, but it is expected that with the beginning of next week shipments will go forward regularly in large quantities.

The local Woman's Club has arranged for a watch party and dance for New Year's eve which promises to be the social event of the winter. It will be held at Odd Fellows' hall.

### Drives Off A Terror

The chief executioner of death in the winter and spring months is pneumonia. Its advance agents are colds and grip. In any attack by one of these maladies no time should be lost in taking the best medicine obtainable to drive it off. Countless thousands have found this to be Dr. King's New Discovery. "My husband believes it has kept him from having pneumonia three or four times," writes Mrs. George W. Place, Rawsonville, Vt., "and for coughs, colds and croup we have never found its equal." Guaranteed for all bronchial affections. Price 50 cts. and \$1.00. Trial bottle free at all druggists.—Advertisement.

WHEREAS, Inez G. Carpenter and Frank P. Carpenter, her husband, did, on the 13th day of November, 1911, execute and deliver a certain deed of trust to the Abstract and Title Guaranty Company, a corporation, with its principal place of business at Santa Ana, California, and in said deed of trust, the said Inez G. Carpenter and Frank P. Carpenter, as grantors, did covenant and warrant that the payment of a certain promissory note in favor of M. K. Lewis, which deed of trust was recorded in the office of the County Recorder of the County of Santa Ana, State of California, on the 1st day of June, 1912, in Book 26, page 19, of Deeds Records of said Santa Ana County, And

WHEREAS, Default has been made by said Inez G. Carpenter and Frank P. Carpenter in the payment of the interest due on the promissory note secured by the said deed of trust, and also said promissory note, and

WHEREAS, the said M. K. Lewis has declared said deed of trust to be void, and has demanded of the said Abstract and Title Guaranty Company that it sell the premises in said deed described, in order to accomplish the object of said deed of trust, and after legal notice as provided for in the terms of the said deed of trust, and

NOW, therefore, pursuant to said demand of said M. K. Lewis and in accordance with the terms and under the authority of said deed of trust, the said Abstract and Title Guaranty Company as such trustee does hereby give notice that on Monday, January 7, 1913, at 10 o'clock, a. m. of the hour of 10 o'clock in the forenoon of said day at the South door of the Court House in said Orange County, California, it will sell at public auction, for cash, in gold coin of the United States, all of that certain property in said deed and in this notice hereinafter described, and at said sale the holder of said note, her agent or assigns, may bid and purchase.

And out of the proceeds of said sale the said Abstract and Title Guaranty Company will deduct the expenses of this trust, including the compensation of said Trustee and counsel fees, as in said deed provided, together with all moneys due the said M. K. Lewis under the terms and provisions of said deed of trust, and the remainder, if any, to the order of the said Inez G. Carpenter and Frank P. Carpenter, their heirs or assigns.

The property in said deed described, and notice of sale of which is hereby given, is described as follows, to-wit: In the County of Santa Ana, State of California, described as follows: Commencing at a point 10.00 chains east of the northwest corner of lot 4, Section 31, Township 10 South, Range 3 West, S. B. B. & M. thence South 18.50 chains; thence South 77 deg. 50 min. West 0.66 chains; thence South 72 deg. 50 min. West 1.33 chains; thence South 1.59 chains to the South bank of said river; thence North 73 deg. East 1.33 chains along the South bank of said river; thence North 70 deg. 28 min. East 8.18 chains; thence North 66 deg. East 6.82 chains; thence North 61 deg. East 6.06 chains; thence North 44 deg. East 2.77 chains to the Northeast corner of Lot 4, Section 31, Township 10 South, Range 3 West, S. B. B. & M.; thence West 16.19 chains to the place of beginning, containing 37.97 acres of land, as shown on Licensed Surveyors Maps, made by S. H. Finley, and recorded in Book 4, page 165, Records of Santa Ana County, California.

Dated at Santa Ana, California, this 26th day of December, 1912.  
ABSTRACT AND TITLE GUARANTY COMPANY.  
(Seal) By C. D. Ball, President.  
By J. Wiley Harris, Secretary.

### NOTICE FOR PUBLICATION OF TIME FOR PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California.  
In the Matter of the Estate of George F. Tolley, deceased.  
Notice is hereby given that Friday, the 10th day of January, 1913, at 10 o'clock, a. m. of said day, at the Court Room of this Court, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of A. T. Vance, praying that a document now on file in this Court, purporting to be the last Will and Testament of the said deceased, be admitted to probate, that Letters Testamentary be issued thereon to A. T. Vance, at which time and place all persons interested therein may appear and contest the same.  
Dated December 26, 1912.  
W. B. WILLIAMS, County Clerk.

## THE FIRST NATIONAL BANK

OF SANTA ANA

## GOOD BANKING SERVICE

Does not consist merely in the receiving of deposits and the paying of checks, BUT IN THE ACCOMMODATION AND ATTENTION ACCORDED DEPOSITORS INDIVIDUALLY. In other words, the ability of the bank to extend to you, regardless of your balance, a personal individual service in connection with your account, and the willingness of its officers to cheerfully help and advise in any business that you may wish to consult them about. THAT IS GOOD BANKING SERVICE.

The fact that the FIRST NATIONAL BANK has been doing a constantly growing business in Santa Ana for more than a quarter of a century speaks eloquently both in regard to the character of its service and the conservatism of its management.

## Orange County Savings and Trust Co.

## Our Washington Letter

WASHINGTON, Dec. 28.—The capital of the United States is in receipt of one of the most extraordinary requests received in many years. It comes from an Ohio woman whose name the secretary of the Senate has for obvious reasons, declined to make public.

"It calls upon the 'Capital of the United States' to repair a piece of paper, about two inches wide, evidently torn from the end of a dollar bill. The secretary, who has fallen heir to the missive, says he has handled many documents, delicate communications and all varieties of requests but this one 'has his goat.' It has been recommended that the communication be referred to the Senate committee on banking and currency, but

the secretary does not look upon the suggestion favorably and retains the letter.

When the Pacific wooden ball on top of the State, War and Navy buildings drops with a thud, ships thousands of miles at sea in all the directions of the compass, set their chronometers.

For this little ball represents the official time at sea for American vessels of this country, and the official time at sea for American vessels. It is operated from the naval observatory, exactly at noon, and as it falls, the Arlington radio station wirelessly the one flash "noon," through the air, the telegraph operator flashes it over his keys, and tens of thousands of clocks are tele-

## Hill's Corner

We close the year's business with the largest and most complete stock of **Building Hardware and Plumbing Goods** that is found in any retail house south of Los Angeles. We had a good stock when the year opened and have kept up with the constantly increasing demands.

Our stock of farming tools, carpenter tools, pocket and table cutlery,

Stoves and ranges, tin, galvanized iron and enameled ware is equal to any in this county.

Our trade has been entirely satisfactory during the past twelve months and we expect to keep up with the procession during the year 1913 and give everybody a Square Deal.

**S. HILL & SON.**

## EARTH'S BETTER DAY IS DRAWING NEAR

Pastor Russell on Fruit of the Gospel in Louisville.

The Passing of the Year Suggests the Closing of the Present Age—The Dawning of New Year Reminds Us of New Epoch Which God Has Promised—Dawning of New Era is Manifest to All, but Understood by Few.

Louisville, Ky., Dec. 29.—Pastor Russell delivered two addresses here today. Whereupon from the text: "He that sat upon the Throne said, Behold, I make all things new."—Revelation, xxi, 5. Pastor Russell declared that the passing of the year illustrated the passing of the Ages. Labor with sweat of face had culminated in harvests. Brambles, thorns and thistles had been gathered and burned. These burnings are little Gehenna fires, or fires of destruction, by which all things injurious will be destroyed. In business, the closing year is marked by taking stock, reckoning profit and loss, declaring dividends, advancing faithful servants and discharging the unsatisfactory.

The Pastor likened these matters to the closing of one Age and the opening of another. It is his opinion that we live in the lapping of the Gospel Age and the Millennium. He believes that modern inventions are foretastes of Messiah's Kingdom.

**The Day of Reckoning.**  
God is bringing Christendom to a great day of reckoning. The Gospel of the Kingdom was preached for the purpose of gathering an Elect people to be the Bride of Christ and bear His name. (Acts xv, 14). Incidentally, a great mass of professors have associated themselves with the saints of God, but have never been begotten of the Holy Spirit. In the end of the Age, a separation must take place, and the effect will be a general time of trouble.

The Harvest of the Jewish Age pictured the closing of this Gospel Age. There "wheat" was separated from "chaff." In the Harvest of this Age, "wheat" will be separated from "tares." The wheat of the Jewish Age, or "Israelites indeed," were gathered to the garner of Divine favor, by the begetting of the Holy Spirit. The wheat of this Gospel Age will be gathered into the Heavenly garner by the First Resurrection. The chaff of the Jewish Age was burned as respects hopes and prospects. Similarly, all tares, or imitative Christians, will be destroyed in the sense of having their hopes and prospects as the Elect wiped out.

The Pastor said that Messiah will make all things new by ushering in the New Dispensation and enforcing righteousness by Divine Power. For a long time Bible students were confused on this subject. They thought that God, not content with seeing suffering and distress in the present life, had prepared an eternity of torture at the hands of fireproof demons for all the non-elect.

Now, the eyes of our understanding are opening to see God's Love. Now we see that Satan, "the prince of this world," "the god of this world," is blinding all except God's Elect—blinding them in respect to God's real character and purposes. (II Corinthians iv, 4). He has taken advantage of human weakness, and appearing "as an angel of light," has deceived us, sometimes using ministers of Christ and college presidents as his unwitting tools.

Satan has intervened with our theology what St. Paul styles "doctrines of demons." (I Timothy iv, 1). Many serve him ignorantly, "not knowing the Scriptures, nor the Power of God." Jesus declares that He will blind Satan, "that he may deceive the people no more until the thousand years" of the Kingdom be "finished."

**"I Make All Things New."**  
The first thing that Messiah will make new will be the "Heavens"—the Church in glory. The next thing made new will be the "earth"—society reconstructed along the lines of righteousness. Evidently the Lord does not mean that there will be a new Heavens of Divine abode, or a new physical earth. St. Peter declares that the present "earth" will be consumed by "fire." (II Peter iii, 10). The heat of angry passions, already engendered between the elements of society, will before long break forth in "fire," to destroy the present order of things. This strife will extend to the ecclesiastical structure, so that the present "heavens, being on fire," shall pass away. Then the Prince of Glory will establish "the New Heavens and Earth"—the new social order based on Justice and Love.

Let us remember, however, that all professing the name of Christ now stand before His judgment seat, to give account of our conduct as professed members of the Church of the First-born. Some will hear, "Well done, good and faithful servant! Enter thou into the joys of thy Lord." Others will hear the Master's voice saying: Depart from Me, I cannot recognize you. In My name ye prophesied (pretended), enst out devil and did marvelous works. But ye were servants of Satan and accomplished iniquitous work, even though ye called it Mine.—Matt. vii, 21-23; Luke vi, 45; xlii, 25-28.

## NOTICE OF SALE OF REAL PROPERTY

In the Superior Court of the State of California, in and for the County of Los Angeles.

In the Matter of the Estate of M. M. Cobb, Deceased.  
Notice is hereby given that in pursuance of an order of said Superior Court, duly given and made on the 13th day of December, 1912, the undersigned, Frank Bryson, administrator of the estate of M. M. Cobb, deceased, will sell at private sale to the highest and best bidder, subject to the confirmation of said Superior Court, on or after Tuesday, the 31st day of January, 1913, at his office on the 5th floor of the Hall of Records of the County of Los Angeles, in the City of Los Angeles, State of California, all of the real estate and interest therein, and all of the right, title and interest that the estate of said deceased had by law or otherwise acquired other than or in addition to that of said M. M. Cobb, deceased, at the time of his death in and to all of that certain real property described as follows, to-wit:

An undivided one-half (1/2) interest in and to that certain real property situated in the Rancho Canon de Santa Ana, County of Orange, State of California, described as follows:

Commencing at the northeast corner of the tract of third class land allotted to John McKee in final decree in partition of said Rancho Canon de Santa Ana, being Section No. 3 of the tract of first and third class land allotted to Maria Jesus de Sabor by said decree, and running thence south 42 chains to Station No. 4; thence South 54 1/2 degrees east 8 chains to Station No. 5; thence South 85 1/2 degrees east 4 chains to Station No. 6; thence North 46 chains to Station No. 7 on the line dividing the first class lands from the third class lands and thence North 81 degrees west along said dividing line 10 1/2 chains to the place of beginning, and containing 46.35 acres of third class land. Reserving therefrom a "reasonable right of way" for ditch purposes conveyed to the Canon de Santa Ana Water Company, a corporation, by deed recorded in Book 47, page 404 of Deeds Records of Los Angeles County, and reserving a right of way ten (10) feet wide for ditch purposes, conveyed to the Anaheim Water Company by deed recorded in Book 68, page 109 of Deeds Records of Los Angeles County, California.

Also excepting a strip of land for road conveyed to the Board of Supervisors of Los Angeles County by deed recorded in Book 68, page 160 of Deeds Records of said County, improved by a 1-story, 6-room cottage and barn, subject to a mortgage of One Thousand (\$1,000.00) Dollars, dated February 1st, 1910, due three years after date, with interest at 8 per cent per annum, recorded in Book 116, page 293, in the Recorder's office of the County Recorder of Orange County, California.

The terms and conditions of sale are cash in lawful money of the United States upon the confirmation of sale. Deed and certificate of title at the expense of the purchaser.

Bids or offers must be in writing and will be received at the aforesaid office of the undersigned administrator.

Dated December 11th, 1912.

FRANK BRYSON,  
Administrator of the Estate of said Deceased.

MOTT & DILLON, Attorneys for Administrator.

## NOTICE TO CONTRACTORS TO CONSTRUCT POLYTECHNIC HIGH SCHOOL

Notice is hereby given, that the undersigned will receive sealed proposals or bids for the construction of the new Santa Ana, California, up to 7 o'clock p. m., of January 7th, 1913, for the furnishing of materials and labor and for the construction of the building to be known as the Santa Ana Polytechnic High School.

Bids will be received for the general contract for the group of four buildings or for the general contract of one or more of said buildings.

Separate bids will be received for the plumbing, heating, wiring and painting. The plans and specifications of said building may be seen at the offices of the architects, Withey & Davis, Room 1126 Walter P. Story Bldg., Los Angeles, and also at the residence of Mrs. Lydia C. Smart, Secretary, No. 114 North Main St., Santa Ana, Cal.

A certified check on a responsible bank for 5 per cent of the bid of the contractor must accompany each bid.

The High School Board reserves the right to reject any or all bids and to advertise for bids.

LYDIA C. SMART,  
Secretary of Santa Ana High School Board.

Electric Lighting and Starting System With Self-Charging Storage Battery

### Some of Its Strong Points:

Equipped with Northeast Electric Starting and Lighting System in addition to the magneto. Unit power plant, three-point suspension. Extra bearings throughout. Brakes, internal expanding, making them practically dust-proof. Multiple disc clutch, 51 discs made of carbon steel—known as saw steel. Removable gas tank, with gauge, showing exact amount of gasoline in tank, can be readily removed when desired. Electricity generator acts as a motor to start the engine, afterwards generates electricity for lighting and charging the 9 volts storage battery. Storage battery shuts off automatically when fully charged, eliminating all danger of burning out. Pronounced by experts to be the best electric system yet produced.

### BAPTISTS PLAN TO MEET AT POMONA

22nd Annual Convention of Baptist Churches of S. C. Will be of Interest

LOS ANGELES, Dec. 30.—Baptist churches of Southern California are preparing for the twenty-second annual Southern California Baptist convention which will be held at the First Baptist church, Pomona, Tuesday to Friday, January 14 to 17. The motto of the convention will be the word "Enlargement," and the program will center around the theme of the enlargement of both the spiritual life and church activities.

Tuesday afternoon a ministers' conference will be held, called to order by the Rev. J. B. Fox, the president. "The Pastor and the Denominational Interests on Our Convention Field," and "The Minister Without a Pastorate" will be the principal themes to be discussed at this conference.

Young People's Banquet  
At the same hour a business meeting of the women's societies will be held in the Congregational church. At 5 o'clock the Young People's convention will be the guests of the Pomona Baptist young people at a social and banquet.

In the evening the young people's session will be held with an address of welcome by the Rev. W. F. Harper and a response by Mattison B. Jones, president.

A Sunday school session will be held Wednesday morning and in the afternoon the women's session will be held. Dr. Carter Helm Jones will preach in the evening.

Educational Work on Thursday  
Educational work will occupy the Thursday morning session and in the afternoon foreign missions. At 5:30 o'clock a brotherhood banquet will be held and in the evening there will be the introduction of new pastors and short addresses which will include a pageant illustrating the foreign nations.

Friday the three sessions will be devoted to business. The program committee is composed of the Revs. C. M. Carter, J. A. Roestel, W. F. Harper, Ira J. H. Sykes, George C. Wright, F. D. Finn and J. M. Davidson.

### JEW'S FINANCING TURKEY WITH LOAN

Underwrites \$100,000,000  
Loan for Palestine Concessions; Means Home Move

CHICAGO, Dec. 30.—The Jewish Courier of Chicago announced yesterday morning the receipt of a confidential cablegram from London, announcing that American and English Jewish bankers have underwritten a loan of \$100,000,000 to Turkey in return for concessions in the Palestine. The paper says this information means one of the greatest events in the history of the race and that it will give the Jewish people an opportunity to return to their own land; cease being "homeless people" and will hasten the day when Jews from all over the world will start a "back to the Palestine" movement.

The Problem Solved—  
Use mixed feed—good for horses or poultry. Only \$1.35 per 80 lb. sack. Ask your dealer about it. OLIVE MILLS.

### WILSON RETURNS FROM VIRGINIA

In Interview Declares Pledges Made by Baltimore Will be Carried Out

PRINCETON, N. J., Dec. 30.—Governor Wilson reached home last night in prime condition, despite his having spent the greater part of the day on a railroad train. He has fully recovered from his recent cold. He was joined in Washington, where there was a stopover of an hour, by Jerry I. Sullivan, a Des Moines lawyer, who once ran for governor of the state.

He brought aboard a boom for William J. Bryan as secretary of state and a boomlet for himself as secretary of the interior.

Mr. Sullivan said that the farmers out his way want to know what Governor Wilson is going to do with the International Harvester trust and other companies of that kind with which they have dealings. He said the governor assured him that so far as he is concerned the Baltimore pledges for the regulation of competition will be carried out.

Summer Home for Wilsons  
STANTON, Va., Dec. 30.—Citizens of Stanton are raising a fund to buy Selma, a colonial mansion near Gypsy Hill park, in the outskirts of the city, which will be offered to President-elect Wilson as a summer residence during his term of office in the White House. A delegation will be sent to Trenton to make a formal tender of it.

Almost the entire population was at the C. and O. station yesterday morning to say good-bye to the President-elect and Mrs. Wilson. Mr. Wilson shook hands with hundreds before his train left.

### \$3,000,000 EACH YEAR TO BE SAVED IN ARMY

WASHINGTON, Dec. 30.—Approximately \$3,000,000 a year will be saved in the operation of the army establishment as a result of the consolidation of the paymaster's and commissary general's departments with that of the quartermaster department, according to Quartermaster General James B. Aleshire.

The head of the combined divisions has completed his estimate for the coming year and has reported to the House committees that, based on the experiment as tried thus far, the cost of operation will be greatly reduced. General Aleshire also has appeared before the House military affairs committee to endorse the working of the new plan.

### INDEPENDENT OIL TO BE USED BY GERMANY

BERLIN, Dec. 30.—The semi-official North German Gazette says the government now has sufficient orders for independent American oil to assure Germany a sufficient supply without any help from the Austrian, Roumanian or Russian fields.

The paper intimates that any bill which is introduced in the reichstag for the purpose of putting an end to the present monopoly will be acceptable to the government so long as it does not mean an increase in price.

### DOGE'S BALL IS ATTRACTION

Venice to Have Brilliant Event to Celebrate the Opening of the Year 1913

VENICE, Dec. 30.—The Doge's ball rides the top of the wave in social talk here. It is the annual new year's eve celebration of the passing of the old year and the dawn of a new round of months. Spectacular and novel electrical effects, a parade of decorated floats and a confetti battle are features. Decorating committees announce that \$5000 is being expended in the setting for the affair.

### FIRE SLAYS 2-MANY MADE HOMELESS

Costly Property Loss in Most Disastrous Fire Ever Visiting Newport

NEWPORT, R. I., Dec. 30.—Two persons lost their lives, sixteen families were driven from their homes, ten buildings were destroyed, as many more partly damaged and property damage that will probably amount to between \$200,000 and \$300,000, is the result of the most disastrous fire that ever visited this city, early yesterday.

Those who perished were Mr. and Mrs. Frank S. Heath, an aged couple, tenants in the old Governor Bull house, on Spring street.

The first, which started evidently from spontaneous combustion among the paints and oils in the George A. Weaver company hardware store, was fanned for a time by almost a gale of wind. It spread with great rapidity. The fire fighters were aided greatly by a force of 800 men from the naval training station.

One of the most serious losses to the city, from a historic point of view, is the destruction of the old Governor Bull house. July 18, 1906, this house was marked by a tablet by the Rhode Island Historical society. The tablet bore the inscription "The Governor Bull House. The oldest house in Rhode Island. Built in part in 1639 by Henry Bull, governor under the royal charter of the colony of Rhode Island and Providence plantations."

### MEXICO HANGS ON BANKRUPTCY EDGE

MEXICO CITY, Dec. 30.—Politicians and financiers close to the administration admit that the government is hovering at the brink of bankruptcy and that it is straining every nerve to raise 20,000,000 pesos (\$10,000,000) with no place in sight in which to borrow money. The hurried visit of Minister Pedro Lacurain to New York recently was to importune Wall street and seek a loan. He failed.

Facing a desperate situation, President Madero is going to send Gustavo Madero, his brother and power behind the Mexican throne, as special financial agent abroad.

### SOUTH NOW HARRIED BY MEXICAN REVOLUTIONISTS

WASHINGTON, Dec. 30.—Reports to the State Department indicate today that Mexican rebel activities, lately confined to the American border, have been started afresh in the south. Bands of marauders are committing depredations in the state of Vera Cruz and have robbed several ranches near Vera Cruz city.

Hard fighting has occurred in Juichitepec.

### FIFTEEN MEN KILLED IN SNOW AVALANCHE

FERNIE, B. C., Dec. 30.—Fifteen carpenters, employees of the Crow's Nest Pass Coal Company was crushed to death when an avalanche of snow buried the bunk houses.

### TINIEST BABY IN U. S.—WEDDING RING FITS INFANT'S LEG

AURORA, Ill., Dec. 30.—What is believed to be the tiniest baby in the country was born at the Aurora Hospital Saturday night. It weighed at birth seventeen ounces.  
Mrs. Eva Rote is the mother. The infant is well formed and apparently strong. It is so small that the mother's wedding ring can be placed on its legs.

### BIG GALE DID HARM ON LAND AND SEA

3 Day Storm in England Strewed Shore With Wreckage—King's Estate Waterlogged

LONDON, Dec. 30.—Great Britain is beginning to recover from the effects of the gale of Christmas and two following days, while reports of loss of life and disaster are coming in from many directions. Besides many sea disasters, much damage has been done by floods on land.

The estate of King Edward at Sandringham, where the Queen Mother makes her home, is still under water and the merry party assembled there for Christmas was taken to their trains by boats. A tidal wave worked havoc during the storm on the south coast of England, wrecking many vessels and flooding large areas of lowlands. In addition to the wrecks reported Saturday it is learned that the cruisers Bristol and Argyle went ashore at Barnpool. Both vessels were liberated after several hours' work by tugs and proceeded to Plymouth for inspection.

Two survivors of the Danish steamship Vollmer were picked up in an open boat without food or water fifty miles southwest of the Lizard and landed at Newlyn in a state of complete exhaustion.

One of the men told that a boat containing six of the crew had been swamped and that all had been lost. Some of the others had taken to the sea in an open boat, but nothing has been heard from them.

Wreckage of small craft strewn the coast of England in all directions.

### PASADENA IS BUSY PREPARING FOR HER ROSE TOURNAMENT

PASADENA, Dec. 30.—Decorations are springing up like magic here, and streets and buildings wear a festive aspect, with the Tournament of Roses near at hand. A large force of men has been busy all day yesterday and last night in hanging long lines of varicolored pennants across the business streets, decorating buildings and placing palm branches at regular intervals on the principal business and residence streets of this city along which the parade will move Wednesday morning, starting at 10:45 o'clock, January 1, 1913.

### U. S. TO TEMPORARILY CONTINUE THE TARIFF PACT WITH RUSSIA

ST. PETERSBURG, Dec. 30.—An official statement issued yesterday says that the agreement in regard to minimum tariffs between Russia and the United States will continue after January 1, notwithstanding that the commercial treaty of 1832, which expires on that date, has been abrogated because of the discrimination against American Jews in Russia.

### AUTO TRUCKS FOR TROOPS

WASHINGTON, Dec. 30.—Colonel Glenn of the Twenty-third Infantry has proposed to the Department of War that he be allowed to transport his regiment across the continent in automobile trucks. He desires to use the automobiles not only for the transportation of supplies, but for the men as well, using the trucks instead of trains.

### CASTORIA For Infants and Children

The Kind You Have Always Bought  
Bears the Signature of *Dr. J. C. Watson*

### HITCHCOCK WOULD CHANGE PAY SYSTEM

Would Pay Railroads for Space Rather Than Weight in Carrying Mail

WASHINGTON, Dec. 30.—A complete change of system of paying railroads for transporting mail matter is being urged by Postmaster General Hitchcock. He has made another appeal to Congress for remedial legislation. His suggestions were contained in a letter written to the chairman of the House committee on postoffices and postroads.

Because of the inauguration of the parcels post system January 1 Mr. Hitchcock deems it necessary that some action be taken on his recommendation as early as possible. It is believed that the weight of the mail to be transported by the railroads will be increased considerably. Under the existing law no additional compensation may be paid until there has been a weighing of the mails and a readjustment of the basis of pay.

Mr. Hitchcock's proposition provides for a complete readjustment of the system, substituting space for weight as the principal factor in fixing the compensation. Under this plan it would be possible to determine without delay what additional payment should be made on account of the parcels post.

### GERMANY LOSES FOREIGN MINISTER AT CRITICAL TIME

BERLIN, Dec. 30.—That Foreign Minister Von Kederlin Wachter died suddenly at Stuttgart where he was spending the holidays, was the announcement today by the Foreign Office, following a telegram from the minister's sister to Kaiser Wilhelm. Ambassador Von Bernstorff at Washington and Ambassador Wagnheim at Constantinople, are prominently mentioned to succeed Wachter. Owing to the acute situation in European politics, Wachter's death is regarded as a serious blow to Germany.

Heart disease was the cause of his death.
